CABINET CRISIS IN SPAIN

Agrarian Party In Revolt

Madrid, Sept. 20.

The Lerroux Government has resigned, following the decision of the Agrarian Party to support the resignation of two Cabinet Ministers belonging to the Party.

The fall of the Government is due to a proposal to grant Catalonia autonomy with regard to public works. The Minister of Marine, Senor Villa Nova, an opponent of Catalonian autonomy, supported by the Agrarian Party Minister, Senor Velayos, has resigned from the Cabinet as a protest against the proposal.

The Agrarian Party supported the resignations and refused to find substitutes for the retiring Ministers. As a result, Senor Lerroux tendered his resignation.

The Minister of Interior, in an interview, declared that precautionary police measures had been taken, and he was ready for any threat of trouble from the Right or Left.

Thirty-five thousand Civil Guards and 15,000 Storm Police answered as one man when called up.—

GIANT DISPLAY PLANNED

Britain's Cities Celebrate

London, Sept. 20.

Cities and towns in many parts of the country are celebrating the Centenary of the Municipal Corporations Act, passed in 1835, which laid the foundations of local Government in Great Britain.

One of the most enterprising forms of celebration has been planned in Derby famous railway centre in the Midlands, which is organising a nine days exhibition of the Century's Progress in education, housing and transport, as well as in local industries, which number thirty, and enjoy such activity that Derby has one of the lowest unemmployment percentages in the whole country.

As regards transport, the coming of road transport in competition with railways has not affected the town adversely, as it has provided the largest and best equipped road transport station anywhere ouside London.

The Council is proud of its eductional administration and a special exhibit is the remarkably detailed industrial and social survey of the Borough, carried out by scholars of thirty senior schools working out of school hours and without supervision.

The Act of 1835 imposed a uniform constitution on every Borough and created a rate-paying democracy in place of unrepresentative privileged corporations. It cured many abuses which had gathered round the unreformed system and started the tradition of civic probity and public service which is the essential basis of local and national self-government.

Many services are now discharged by the local authorities in relation to public health, education, maintenance and lighting of highways, police, housing, the operation of great public utilities, the provision of amenities and cultural facilities, and regional planning. There have been gradual accretions during the intervening century, but the Act of 1835 provided the framework, sound and strong to carry these amazing developments.—

PRIESTS BLESS THE NEGUS

Gorgeous Ceremony In Abyssinia

Addis Ababa, Sept. 21.

Seated on a gold-draped throne amid a pile of crimson cushions, the Emperor this morning presided over the "Little Maskal," the great Ethiopian religious festival, which was celebrated with gorgeous ceremonial at the Old Palace.

The ceremony was held in the vast salon known as the soldiers' banqueting hall. The Emperor sat at one end, surrounded by hundreds of magnificently-clad priests, wearing golden, purple, green, yellow and blue mantles, with bejewelled umbrellas over their heads.

The proceedings opened with the presentation of diplomats to the Emperor, including the Italian Minister, Count Vinci. As the latter stepped forward, bowed slightly and shook the Imperial hand an electric silence fell on the assembly.

Then the priests began chanting prayers and in low, melodious voices the choirboys sang an anthem glorifying the Emperor.

Silver-pronged staves waved in the air, and while the united choirs of 200 male voices rose to a crescendo, the staves were banged on the floor, covered with reeds and precious carpets, drums were beaten, silver rattles shaken, and a wild chant gradually incited the crowd to dance.

Twelve priests then performed a kind of slow cotillion to the playing of mournful music. Clapping their hands, shouting, cheering and gesticulating, they worked themselves into a frenzy. This subsided and the Abuna, head of the Ethiopian Coptic Church, concluded the service with a sermon in whispered Arabic, which was translated into Amharic.

The two hours' proceedings were ended by the Abuna pronouncing a blessing on the Negus and the assembly.—

STRANGE HITCH

Holds Up Mooney Proceedings

Sacramento, Sept. 20.

A strange hitch threatens to hold up the "habeas corpus" proceedings which are designed to free Tom Mooney, who is serving a life term of imprisonment in connection with the bombing incident in San Francisco on Independence Day, 1912, which resulted in several people being killed.

Mooney's comrade, Warren Billings, who was convicted on the same charge, threatens to take out an injunction against the proceedings and refuses to testify on Mooney's behalf, as a protest against the failure of Mooney's lawyers to assist him to regain his freedom.—

EMPEROR CONFERS

Addis Ababa, Sept. 21.

The Emperor had a long conversation about the political outlook with the British Minister, Sir Sidney Barton, yesterday, above all on the question of the protection of foreigners. The Abyssinian Government has requested more information about the results of the negotiations of the Committee of Five.

Meanwhile the military preparations are continuing. Some 5,000 infantrymen are now marching to the railway station here.—

CHINESE SHIP PIRATED

Several Killed In Attack

Shanghai, Sept. 21.

Piracy is believed to account for the disappearance of the Chinese steamer Paofeng, 956 tons, with five hundred Chinese passengers aboard. The Paofeng, which plies between Shanghai and Chungming Island just beyond Woosung, was due there yesterday, but has not arrived. It is presumed that the pirates travelled as passengers and had no difficulty in overpowering the Paofeng's three Chinese guards.

A later message says that the Paofeng was pirated by 12 men who disclosed themselves at 9.15 p.m. on Thursday, just after the vessel had passed Woosung. They seized control of the ship after killing a soldier, a coolie and a constable, and wounding three women.

They forced the officers to steer for a point off Hsiangshan, Chekiang, where they stopped a junk and decamped in the vessel yesterday morning, with cash, valuables and other loot estimated at $40,000.

The Captain and Compradore were taken as hostages till the criminals landed. They then returned to the Paofeng, which sailed for Shanghai and arrived this morning.—

CABLE NEWS IN BRIEF

THIN RAY OF HOPE AT GENEVA

Geneva, Sept. 20.

A thin ray of hope in the gloomy atmosphere enveloping the League of Nations city appeared on Friday when the Italian delegation, although very cautiously, let it be understood that Signor Mussolini might possibly accept the Committee of Five's proposals as a basis for negotiations.

The first step would be that on Monday Italy would demand supplementary information and explanations on certain points. Strength has been lent to this rumour by further reports current regarding the conversation Baron Aloisi had with Premier Laval before the latter's departure for Paris on Friday.

Finally significance is attached to an article the Geneva papers reproduce from the "Gazzeta del Popolo" which writes that the military preparations in the Italian Colonies are of a purely defensive character in order to avert Abyssinian aggression.—

CHANGE OF TONE

Rome, Sept 20.

A slight change of tone indicating a departure to some extent from the unyielding attitude adopted hitherto, was discernible in political quarters here on Friday.

Although the Committee of Five's proposals are still regarded with great scepticism, it is no longer declared that they will be rejected out of hand. The standpoint taken now is that they are unacceptable in their present form and must be subjected to substantial alterations, which the Government is said to be engaged in formulating.

Whether this procedure is so far advanced that Cabinet will be able to state a definite attitude on Saturday' meeting, is still uncertain.

The Italian Ambassador at London, M. Grandi, arrived in Italy on Friday ostensibly to visit his father lying ill at Bologna. Doubts are expressed whether he will return to London or be replaced.—

ALOISI'S ENQUIRY

Geneva, Sept. 20.

Baron Aloisi, it is now learnt, asked M. Laval yesterday evening to put before Mr. Anthony Eden the question of whether England is prepared to give the undertaking that she would only apply economic sanctions and these only to a limited extent. In such a case Baron Aloisi stated that Italy would be ready to withdraw her expeditionary forces from Libya. This enquiry was conveyed by Mr. Eden to London.—

PRESS FETED

Addis Ababa, Sept. 20.

A great banquet given to representatives of the foreign press here on Thursday night by Negus, turned out to be a highly successful function, being attended by 85 special correspondents from all parts of the world.

The Emperor took the opportunity to emphasise that he would never accept the mandate whatever its form to infringe independence in his country. "Two thousand years of freedom has proved our ability to rule ourselves without a protectorate, Negus exclaimed. As chief of this Empire and protector of my people, I will lead troops against the enemy in person, though God prevent that our dispute with Italy ends in bloodshed. But we cannot accord Italy any economic concessions without receiving something in return, or at least thereby restraining Italy from attacking us. As an independent state we will guard our freedom."—

SPANISH CABINET RESIGNATION

Madrid, Sept. 20.

Premier Lerroux and the entire cabinet has handed in their resignation to the President on Friday. This decision was taken after long conversations between Premier Lorroux and leaders of the majority of parties, particularly the leader of the Argrarian party Velasco, who resigned from the agricultural ministry on Thursday after the other representatives of the party. The marine minister, Villanova, tendered his resignation on Tuesday. Velasco declined to nominate two successors for these two posts from the ranks of the Argrarian party but promised Lerroux party's continued support.

It is assumed here that Premier Lerroux will be again entrusted with a task of forming a Government, the cabinet having resigned in order to facilitate a reduction in its number from 12 to 9 in accordance with the economy decrees.

MEMEL DIFFERENCES

Paris, Sept 20.

Before leaving for Geneva, asserts the "Petit Journale,' Premier Laval strongly impressed upon the Lithunian Foreign Minister, M. Lozoraitis, that the Memel state must be strictly observed by the Lithuanian Government and that the forthcoming elections must proceed in the greatest calm in order to avoid provoking any incident which might have serious consequences for Eastern Europe. The French Premier also had conversations with Mr. Anthony Eden M. Beck and Baron Aloisi on this point.—

REICHSBANK DIVIDEND

Berlin, Sept 20.

The Reichbank directors have decided that this year as last, no preliminary dividends will be declared on October, 1 but would waive an option so that this be permitted by the bank's statutes. The reasons for this decision are the same as last year, namely the prevailing difficult situation of the Reich. According to the Reichbank's practice no difference in treatment was ever made between German and foreign shareholders, the latter numbering 15085, holding 262188 shares.

Although the actual sum that would have been transferred abroad if the preliminary dividend was declared would have been considerable, the present political tension makes a postponement highly desirable.

By its statutes the Reichsbank is under no obligation to make any payment at this juncture, the practice of doing so being merely one arising from tradition.—

BELFAST RIOTS

Belfast, Sept. 21.

Violent disturbances again broke out here last night, when political differences led to street fighting in the suburb of Greencastle, stones being hurled in showers and several shots exchanged.

One man was killed by a stray bullet and a large number were more or less seriously injured by stones before the police appeared and succeeded in driving the angry contestants away.—

GENERAL DEBATE

In League Assembly

London, Sept. 20.

The relationship of the two problems of widespread deficient nutritional standards on one the hand and surpluses of food products, or actual restriction of their production, on the other, which was raised by the Australian delegate, Mr. Stanley Bruce, in a general debate in the League Assembly, has been taken up by the second of the Assembly's Commissions at Geneva.

The British delegate, Lord de La Warr, fully supported the suggestion put forward by Mr. Bruce, saying the paradox of a glutted market and hungry men challenged statesmanship. With the growing knowledge of the importance of nutrition, had it not become inevitable for Governments which have faced their responsibilities in regard to sanitation, control of infectious diseases and housing, now to extend their action to the question of food?

Lord de La Warr referred to the enquiry on the relation of nutrition and disease carried out by the League's Health Organisation and said the report certainly suggested that deliberate action to expand consumption was necessary on more than economic grounds.

Many countries were distributing food free, or at special prices, to the unemployed. Last year, the British Government provided 400,000 children with free meals, and many thousands both of children and mothers with free milk for health reasons.

The British delegate went on.—"It is surely worth while for all of us who are spending millions on subsidies, or on export bounties to producers, to consider how far this principle of increasing consumption rather that subsidising production might be extented." He emphasised that he was not there to propose barrier sweeping resolutions. They had all taken steps to stave off ruin for their farmers, and intended to do so, but they should see that their plans encouraged expansion rather than restriction. The United Kingdom Government would welcome an enquiry by the League Organisation into the whole question.—

BAER-LOUIS FIGHT

Big Money-Maker In History

New York, Sept. 21.

The fight between Max Baer and Joe Louis at the Yankee Stadium next Tuesday will be one of the biggest money-makers in the history of boxing. It is expected that over U.S. $1,000,000 will be taken, which would be a world record for a bout in which no title is involved.

The stadium will be crammed to capacity with over 100,000 people present, as all the tickets have already been sold. Profiteers are asking and getting U.S.$150 for ringside seats.

The difficulty will be to seat the press representatives, of whom 4,000 have applied for tickets. Some 120 special cable wires have been installed to flash the story all over the world.

Special trains and air trips will fetch fans from all over America. Many film stars are coming from Hollywood, including Joe E. Brown, George Raft and Mary Pickford.

It is understood that the promoters are getting U.S. $25,000 for the radio rights and also a substantial sum for the film rights. Some 7,000 police have been called in to control the crowd, who will be served with "hot-dogs," peanuts and ice-cream by 7,000 attendants.

The fans will not get their money's worth if the boxers carry out their intentions, which are to knock the other out in the early rounds.

Baer, in whose corner Jack Dempsey will we acting as a second, intends to go all out from the bell, have the negro groggy, and deliver the coup de grace as soon as possible.

Louis says he does not know the exact round in which he will knock out America's playboy; he has not yet decided the matter.

The majority of the bettors and writers favour Louis and are laying 8 to 5 against Baer, but it is generally agreed that it will be one of the greatest fights ever staged. Perhaps a lucky blow may decide the contest.—

TO GET RID OF

STOMACH TROUBLES

An English Doctor writes:—

"I find that 'Bisurated' Magnesia taken after most of my meals is the only thing that keeps me free from pain and discomfort, and I take it regularly. I often prescribe it for my patients, and have had very good results."
(Signed) Dr. H. G——, M.A., M.R.C.S., L.R.C.P.

THE English doctor is the most conservative medical man in the world, and when he not only recommends but personally uses a remedy there can be no more convincing proof of its efficacy. This doctor is but one of many who constantly advise the use of 'Bisurated' Magnesia in all cases of indigestion. Most stomach trouble is caused by acidity, and the reason why 'Bisurated' Magnesia gives quick relief is that it instantly neutralises excess acid and soothes, heals and strengthens the inflamed stomach lining. Nothing could be simpler, safer or surer. If you suffer with indigestion or stomach disorder of any kind put your faith in European science and make an end of your troubles by taking 'Bisurated' Magnesia after eating or whenever pain is felt.

LEAGUE SEASON ENDS

Lawn Bowlers Play Last Matches

The Lawn Bowls League were brought to a close on Saturday when the final matches were played off. The Bowling Green who had defeated the C.C.C. "A" the champions in their initial encounter were badly trounced by the Valley team when all three of the C.C.C. "A" rinks were triumphant. A. M. Holland's four suffered the heaviest defeat of the day at the hands of B. W. Bradbury's quartette by no less than 23 shots.

Kowloon Cricket Club proved too good for the C.C.C. "B" and had 24 points to spare at the close of the day's play, and by virtue of this win they have relegated he "wooden spoon" to Civil Service Cricket Club who was also victorious against the Indians by two shots.

In the Junior Division the Bowling Green and Football Club won their matches. The Bowling Green four (G. A. Allen, D. W. Waterton, M. J. Henderson and G. H. Sheriff (skip) brought off the possible. This feat is the third of the year, J. Cavanagh's and F. X. Soares' rinks claiming the other two earlier in the season.

New Health for your Child

A Healthy Body Strong Bones Sound Teeth and resistive power against infection.

Help your child in the critical years of rapid growth, to develop sturdy bones, healthy teeth, and a strong constitution. *You can* — by providing him with an abundance of mineral nutrients as contained in Kalzana.

"Many children of the irritable, nervous type, owe their state to a deficiency of organic salts. Such youngsters do well when the diet is reinforced by a well-retained mineral food such as Kalzana," writes the well-known expert on hygiene: **Miss Kathleen Dane.**

Kalzana will protect your child against the results of calcium deficiency such as: anæmia, irritable nerves, weakness, rickets, and a tendency to develop tooth decay.

A course of Kalzana restores lost appetite, builds stamina in delicate bodies, and overcomes irritability in the highly-strung child. Make up your mind to start your boy or girl on a course of Kalzana, to-day. Children like these palatable tablets, and you will soon be surprised at the all-around improvement in their health.

LESSON SERMON

First Church Of Christ, Scientist

"Matter was the subject of the Lesson Sermon in all Churches of Christ, Scientist, on Sunday, September 22nd, 1935.

The Golden text was "Blow ye the trumpet in Zion, and sound an alarm in my holy mountain: let all the inhabitants of the land tremble: for the day of the Lord cometh, for it is nigh at hand." (Joel 2:1).

Among the citations which comprised the Lesson Sermon was the following from the Bible: "While he yet spake, there cometh one from the ruler of the synagogue's house, saying to him, Thy daughter is dead; trouble not the Master. And he put them all out, and took her by the hand, and called, saying, Maid, arise. And her spirit came again, and she arose straightway: and he commanded to give her meat. (Luke 8:49, 54, 55).

The Lesson Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to Scriptures" by Mary Baker Eddy: "The Principle and proof of Christianity are discerned by spiritual sense. They are set forth in Jesus' demonstrations, which show by his healing the sick, casting out evils, and destroying death, "the last enemy that shall be destroyed,"—by disregard of matter and its so-called laws (p. 210).

CINEMA TRADE NOTICES

HIS GREATEST GAMBLE

Discarding affairs of the heart for his daughter's happiness is the sacrifice which provides the drama of "His Greatest Gamble" Richard Dix's new RKO-Radio picture, the next change at the Queen's Theatre.

Dix depicts the unselfish father in this original film story by Salisbury Field. Philip Eden deserts his paramour Bernice to lend his care and love to his spirited daughter Alice. When Bernice sets his divorced wife, Florence on their trail, he accidentally kills the woman and is sentenced to imprisonment. Under Florence's domination Alice grows up into a helpless social puppet denied even the wholesom love of a worthy fiance. His daughter's repression provokes Philip to break jail. In an indicting climax chock-full of pathos drama and tears, Philip revives Alice's former self to send her to her lover.

HOME ON THE RANGE

Grown into a tall, bronzed and handsome young man, Jackie Coogan of "The Kid," fame, returns to the screen for his first adult role in Paramount's "Home on the Range," which is showing at the Alhambra next Tuesday and Wednesday.

And fully accoutred with Stetson hat, high-heeled boots and six-shooters, Jackie Coogan proves as hard-riding and straight-shooting a Western star as Randolph Scott, Addison Richards, Fuzzy Knight or any of the other three hundred famous cowpunchers who appear in the film.

With Evelyn Brent and Ann Sheridan providing the feminine interest, "Home on the Range" is the story of the deadly feud between a gang of crooks and the rancher-brothers, played by Cogan and Randolph Scott.

Through devious channels the crooks get control of the ranch owned by the brothers in order to take possession of the racing horses. But Evelyn Brent, who is a member of the crooks' band, falls in love with Scott and turns the tables on her former colleagues.

There are thrilling nights and a hair-raising escape from death in a forest fire. But these are only preludes to the blood-tingling horse race in which Jackie Coogan rides his horse, Midnight, to victory, after the crooks have been bested.

"Home on the Range" represents the initial directorial effort of Arthur Jacobson, who turns in a completely creditable and exciting job of direction.

Background music, throughout the film, is furnished by the supremely fine voice of Joe Morrison, famous for "The Last Round Up," who sings "Home on the Range."

ONE MORE SPRING

One of the most widely debated questions of private life, "Is platonic love possible?" is daringly unswered in "One More Spring", the new Fox Film picture which re-united in romance the two stars, Janet Gaynor and Warner Baxter.

The answer in this tender idyll of to-day is an equivocal yes-and-no. During the succession of dramatic incidents which involve the principals, and the close relationship which results, a beautiful protective friendship develops.

It is the story of a young woman in search of romance and a job who, while in a park in the dead of winter, encounters a strange, homeless like herself, but keeping the courage of his dreams.

Recruited by a penniless musicians and a ruined banker, they take up their abode for the winter in a disused toolhouse.

Until Spring comes, the couple think they are just pals. They have gone through thick and thin, shared their last dime, and believed their fondness to be like that of a sister-brother relation.

When the buds come out, and life is renewed, their platonic love drops drips like a cloak from off them, and they become sweethearts.

"One More Spring", is scheduled to come to the screen of the King's Theatre on Tuesday. In the supporting cast are Walter King Jane Darwell, Roger Imnof, Grant Mitchell, Rosemary Ames, John Gualen, Nick Foran, and that original comic Stepin Fetchit

THE QUEEN'S

Werewolf Of London

There seems to be little doubt that the present-day movie audience has a decided penchant for the gruesome. Werewolf of London opened it's season at the Queen's Theatre yesterday to packed houses and the general opinion of all definitely ranks it among the best thrillers yet produced.

The story concerns a botanist (Henry Hull) who is bitten by a werewolf whilst searching in Thibet for a rare flower. The effect on him being a transformation into a wolf at certain phases of the moon, with all that animal's cruelty and blood-lust. Warner Oland portrays his Oriental prototype who strives desparately to obtain possession of certain flowers, the only known cure of this horrible affliction.

The acting throughout, especially that of Henry Hull and Warner Oland, is magnificent, and they are ably supported by a cast which includes Lester Matthews, Spring Bylington, J. M. Kerrigan, Clark Williams and Louis Vincent. It is highly recommended.—N.M.

LEPERS IN SIAM

An Alarming Number

Bangkok, Sept. 14.

How many lepers there are in Siam is not known with any accuracy, but some put the figure as high as 20,000.

There are three asylums, one supported by the Red Cross on an old fort on the river bank south of Bangkok. The biggest asylum was started by American missionary effort in northern Siam, and occupies an island site in the river near the northern capital of Chiengmai. Many thousands of American gold dollars sent by sympathisers have helped to convert this island into a very desirable first class settlement.

In the course of years the inmates have been taught to weave, make cement tiles, grow cotton and spin it into thread. This asylum cares for 440 patients annually and the cost per patient is roughly £5 per head a year.

BEGGING FOR ALMS

In the peninsula in the old city famous in Malayan history as Ligore (Nakon Sri Tamarat) is located the third asylum, also operated by missionaries. Though a much younger creation it is also doing a great work.

King Prajadhipok has visited both asylums and contributed generously to both. Government supports both with monetary grants, but some day the leper problem has got to be tackled by government and the sight of lepers in the streets begging for alms, at the entrances to markets, etc., will be no more.

That the public are not indifferent to the question is evidenced when recently the resident physician of the leper asylum in the peninsula appealed in a local paper for a thousand ticals for building a new laboratory, and the money was subscribed by readers, who gave from one tical upwards

GOIN' TO TOWN

At The King's

Mae West, the "come up'n see me sometime" girl, is with us again, this time in 'Goin' To Town" which is attracting capacity houses to the King's Theatre. In this picture we see a different Mae for in the place of the "belle of the nineties" we see a glamorous modern miss who does not wait until her man goes after her but instead "carries the fight" herself.

Acting the role of a cattle baron's widow, Mae West follows her man all over the American continents through Buenos Aires, to the strongholds of society at Southampton, where he surrenders to her.

There are some grand and exciting racing sequences in the Buenos Aires scenes; there is intrigue, and plotting, and murder but Mae West comes out supreme above it all.

Two songs by Sam Fain and Irving Kahal, "Love Is Love" and "He's a Bad Man" will linger in your ears for a long time. But the vocalizing you will enjoy most is Mae West's rendition of the aria, "My Heart at Thy Sweet Voice", from the opera "Samson and Delilah".

Paul Cavanagh plays the lead opposite Miss West and a thoroughly good job he makes of it too.—F.M.A.

OXFORD EDUCATION CONFERENCE

During the week beginning on the 12th of August various meetings took place in Oxford of the World Education Conference. This was the first occasion on which the three organisations concerned —the World Federation of Education of Associations, the International Federation of Associations of Secondary Teachers, and the International Federation of Teachers' Associations — have held synchronized conferences. Their meetings were attended by 1,500 delegates from all parts of the world. The conference was particularly valuable from the point of view that the delegates had the advantage of hearing various ideasput forth by different persons who have enjoyed years of experience along different educational lines. The discussions took place in several languages, and much attention was paid to the reports and comments on such aids to education as films and broadcasting.

The purpose of the conference was to secure greater co-ordination of closely related activites, and the experiment promises lasting and useful results. The question of physical health took up a good deal of time in the discussions. Dr. Boudreau, Chairman of the Health Section of the League of Nations, advocated extension of the provision of milk and school meals for poor children. From the psychological point of view it was emphasised that one of the objects of modern education is to abolish fear in children. So that their resistance to misfortune may be strengthened, and any suggestions or recommendations put forward on this point were warmly welcomed. On the opening day of the Conference Lord Halifax opened an unique exhibition, provided by the Board of and explain English educational Education, intended to display methods and practice.

MAD LOVE

At The Alhambra

A drama mystery, with a surgical experimentation as its background is being shown at the Alhambra to-day, in "The Mad Love".

In it we have a new star, Peter Lorre, who as a surgeon goes mad and uses this profound knowledge to wreck the life of a pianist whose wife he loves. Grating of hands of a murderer to replace those lost in an accident by the pianist, the uncanny surgeon, Gogol, attempts a fantastic operation never seen before. Other creepy details surround the gripping drama in the audacious plot.

The Paris Grand Guignol Theatre, showing its horrors, is also seen for a while.

Lorre brings a new type of screen menace by his strange face, his peculiar expressive eyes and old personality. Francis Drake is beautiful as the wife of the pianist and gave a very poignant portrayal, while Colin Clive gives an impressive performance as the pianist.

The mystery is solved by Henry Kolker who as the prefect of police aided by Ted Healy as a police reporter after many hair raising attempts finally brings the murderer to book.

The picture on the whole is as uncanny as it is mysterious and will keep th audience glued to their seats with its many weird scenes.—O.M.O.

PALM PRINTS

Just As Good

Palm-prints are as reliable as fingerprints for identification purposes, according to a Scotland Yard expert to-day.

He was giving evidence in a case at Westminster Police Court when a man was accused of breaking into a house in Rutland-gardens, South Kensington, S.W., the home of Sir Harry Lloyd Verney, Sir Harry has been private secretary to the Queen since 1919 and treasurer since 1932.

The man, Joseph Sinclair, is alleged to have stolen an Order of the Bath decoration and jewellery valued at £329. He was remanded.

Detective-inspector Somerset said Sir Harry Verney's house was broken into on the night of June 18 —19.

Inspector Somerset said that none of the property had been recovered Marks found on a sill and window sash fitted the edge and shoulder of a jemmy found in Sinclair's possession when arrested.

RIDGE CHARACTERISTICS

In the library was a despatch box with certain marks on it. This, said Inspector Somerset, he took to the finger-print bureau at Scotland Yard.

Detective-inspector Cherrill, of the fingerprint department, said he examined the box on the morning of June 19 and saw a portion of a palm print near the lock. He received from Brixton Prison on August 19 the palm-prints of the prisoner—signed by him.

On comparing the enlarged photographs, he found on each 16 ridge characteristics, which were in agreement. He had no doubt they were those of the same person.

The Magistrate.—In your experience, in the science of fingerprint identification, the palm impression is as reliable as that of the fingers?

Inspector Cherrill.—Yes, sir.

Sinclair was then remanded.

ROAD ACCIDENTS

Surprising Reports

During the past few years great efforts have been made to reduce the number of road accidents in Great Britain. Recently an inquiry was made by the Ministry of Transport into their causes and statistics have been issued giving an analysis of reports of fatal accidents which occurred during the early part of the year. The results are interesting and, to many people, somewhat surprising. They show that, among pedestrians especially, there is a serious lack of what is generally known as "road sense."

Of the 1,532 persons killed only 4.8 per cent. were drivers of vehicles other than motor-cycles; 20.2 per cent. were pedal cyclists; and 55.9 per cent. were pedestrians. In 85 per cent. of cases where pedestrians were killed, the sole or main causes of the accidents were the pedestrians themselves. The pedal cyclists are in similar case. They are held to have been wholly or mainly responsible for 74 per cent. of the the accidents in which cyclists were killed. This is all the more striking in view of the fact that the majority of cyclists are of an age which has made them familiar with traffic dangers. Many pedestrians, on the other hand, are very young people; or they are of a generation which has survived from the days when traffic was almost wholly horse-drawn, and they have failed to adapt themselves to the new era of speed and traffic congestion. This latter point is reflected in the statistics, which show that almost exactly half of those killed were 55 years of age or over

CRIME OF 1933

"A Turn For The Better"

(Special Air Mail Service)

London, Sept. 3.

Statistics of crime in England and Wales for 1933 are contained in a Blue Book published yesterday (Cmd. 4,977, Stationery Office, price 3s. 6d.).

The persons found guilty of non-indictable offences in 1933 numbered 540,955, including 284,528 found guilty of road traffic offences, and 30,630 found guilty against the Revenue laws—mostly for failure to take out a licence for a car or for a dog. There was a continuous decline in the number of cases of cruelty to children and offences against the Education Acts.

The number of persons found guilty of indictable offences was 62,860, compared with 64,858 in 1932. Of the offenders 88 per cent. were dealt with by courts of summary jurisdiction—66 per cent. in the ordinary courts and 22 per cent. in the juvenile courts. Of the 49,026 dealt with in the adult courts, 75 per cent. were found tion of Offenders Act, 26 per cent. were fined, and 33 per cent. being dealt with under the Probation of Offenders Act, 26 per cent. were find, and 33 per cent. were sentenced to imprisonment.

The number of boys and girls under 16 found guilty in the juvenile courts of indictable offences was 13,364. Of these 96 per cent. were found guilty of some form of theft; and 86 per cent. were dealt with under the Probation of Offenders Act. The number sent to Home Office schools was 1,289, or 9 per cent.

OFFENCES BY BOYS

Of the persons found guilty of indictable offences 23 per cent. were under 16, and 20 per cent. between 16 and 21. The proportion of offenders was nearly eight times higher among males than females, and three or four times higher among boys and youths under 21 than men of 30 and over. The report points out that in the statistics the theft of a bottle of ginger-beer has the same numerical value as the robbery of a jeweller's shop, and the age groups over 21 include most of the criminals who are responsible for the more serious offences.

In a comparison of the five years from 1929 to 1933 it is stated that there was no substantial change in the numbers found guilty of offences of violence against the person. There was a small decrease in the numbers found guilty of sexual offences, and the numbers of thefts and frauds increased each year from 1929 to 1932, but were fewer in 1933 than in 1932.

Of the breaking and entering cases, a large proportion were committed by children and young persons who entered unoccupied premises. The figures for 1933 in this category showed an improvement on those for 1932, but, compared with 1929, there was an increase of 52 per cent., nearly half of which was accounted for by offenders under 16.

The fact that among males over 16 there was an increase in the proportion of offenders each year from 1929 to 1932, and a decrease in 1933, says the report, suggests that industrial depression and unemployment have an influence on the figures, for in the year when the unemployment figures began to fall there was a turn for the better in the criminal statistics.

The report adds: "Probably also delinquency among children is affected by unemployment. When home conditions are harder and there is less pocket money available there may be an increased tendency among the children to pilfer, but the improvement shown in 1933 as regards male offenders of all ages over 16 did not extend to boys under 16."

The figures of cases known to the police of violence against the person and of sexual offences are regarded as a reliable indication that there was practically no change in the course of the five years.

CASES OF MURDER

In 1933 there were known to the police 99 cases of murder. In 40 cases, involving 43 victims, the murderer or suspect committed suicide; in 58 cases, involving 66 victims, one of whom had died following an illegal operation, 58 persons were arrested. In one case, involving one victim who had died following an illegal operation, no arrest was made. Of the 19 persons convicted of murder, 11 were executed, and in eight cases the sentence of death was commuted to penal servitude for life.

ROUND THE COURTS

Accused of stealing a 5-year-old boy named Yu Hoi, a 25-year-old unemployed, Chan Yung, alias Cheung Chun, was remanded to Wednesday by Mr. W. M. Thomson at the Kowloon Magistracy on Saturday. An alternative charge of harbouring the child was also perferred against the accused. Inspector Chester-Woods, of the Kowloon City Police Station, appeared for the prosecution.

* * *

"I don't know anything. I can't remember anything," said a 23-year-old unemployed, Man Leung, at the Kowloon Magistracy on Saturday when he was charged before Mr. W. M. Thomson with being found on the first floor of No. 244, Lai Ch. Kok Road, for an unlawful purpose at 11.45 p.m. on September 1. He was sentenced to two months' hard labour.

* * *

Mrs. K. Kee, of No. 6, Somerset Road, Kowloon Tong, was fined $7 by Mr. W. M. Thomson at the Kowloon Magistracy on Saturday when she was summoned for driving private car No. 2299 without a valid licence in Prince Edward Road at 9.20 p.m. on August 28. Traffic Sergeant Scott was the complainant and stated that defendant produced a licence the following day, but it had not been renewed for the current year.

* * *

Banished for a period of 10 years only 24 days ago, Chan Yuk, unemployed, was arrested on Friday and when brought before Mr. W. M. Thomson at the Kowloon Magistracy on Saturday pleaded that he came back to look for work. He was sentenced to 10 months' hard labour. For the same offence another unemployed named Li Yau, aged 38, who had been banished in September 1930, was sentenced to six months' imprisonment.

* * *

Alleged to have assaulted a fellow coolie, who is still being detained in the Kowloon Hospital, Lam Liang, aged 35, was remanded to Wednesday by Mr. W. M. Thomson at the Kowloon Magistracy on Saturday.

In outlining the case, Inspector Chester-Woods stated that the defendant resented the attentions complainant paid to defendant's sister and other female members of his family. Defendant called the complainant out one night and when they reached a dark spot he, together with some other men, assaulted the complainant with sticks.

* * *

Four months' hard labour and 12 strokes of the birch, if found unfit to serve an additional two months' imprisonment, was imposed on Chan Tim by Mr. W. M. Thomson at the Kowloon Magistracy on Saturday for snatching a pair of old ear-rings from a 59-year-old widow named Ng Sze in Prince Edward Road at about 4.15 p.m. on Friday.

A similar sentence was imposed on a 22-year-old unemployed, Wong Kee, who was convicted on a charge of snatching a leather hand-bag from a Chinese girl named Chan Lin-so at about 10.45 p.m. on Friday outside house No. 125, Fa Yuen Street.

NORTH KIANGSU

The Flood Situation

(Special to the "Hong Kong Daily Press" (*Copyright*).]

Hsuchow, Sept. 13.

The flood situation in northern Kiangsu is again assuming alarming proportions as some sections of the enveloping dykes along the Weishan Lake have collapsed as a result of the terrific pressure of the flood waters caused by heavy wind during the last few days.

Meanwhile, thirty thousand volunteer workers are labouring day and night to build a new enveloping dyke to the north of Hsuchow, Fenghsien, Huihsien and Peihsien as a final measure of preventing aggravation of the flood menace which has already brought disaster to regions in North Kiangsu adjoining the Shantung border.

Two of the worst hit districts in North Kiangsu, according to reports, are Pihsien, situated at the junction of Pulao River and the central section of the Grand Canal, and Huining, about 60 kilometers south-East of Hsuchow. At Huining a vast tract of farmland has been inundated as result of the overflowing of the Fangting river caused by the invasion of Hwanghoe flood waters from Weishan Lake.

BREACHED DYKES

The Pulao River which has been responsible for the flooding of about 2,000,000 mow of farmland to the east of Hsuchow, continues to threaten the safety of this city. It is reported that all the breached dykes on the southern bank of the river have been temporarily repaired, but such points as Chenhsokou, Chinghsan and Wanghwang along the river valley are still seriously threathened.

With the flood situation along the Pulao river greatly aggravated, communications along both the Lunghai and Tientsin-Pukow Railways are in momentary danger of disruption. Upon instructions from Mr. Chien Tsung-Tseh, Managing Director of the Lunghai Railway, the railway authorities are rushing repair materials to strength the roadbeds at Taheo station east of Hsuchow. Steps have also been taken to erect temporary bridges to the Taehao branch line of the Lunghai Railway.

AUTUMN TERM BEGINS

Hangchow College

Hangchow, Sept. 12

The Autumn semester of the Hangchow Christian College began to-day, the opening exercise being held in the Tucker Memorial Chapel, with an attendance of 400 students, 70 more than were expected. Seventy-five girl students enrolled.

The usual preliminaries having been completed, Dr. Baen E. Lee, President, introduced new members of the faculty, which included, Mr. Baldwin P. W. Huang, M.S., C.E., (Univ. of Michigan), who comes to the Department of Civil Engineering; Mr. C. Y. Miao, M.S. (Univ. of Michigan), who will teach in the Chemistry Department; Mr. C. Y. Hsu, M.S. (also Univ. of Michigan) and Mr. T Tsai, M.A. (Univ. of Minnesota, and two years graduate work at Columbia), both of whom come to strengthen the Economics Department; Mr. Willard A. Hanna, (B.A., Wooster College) who will teach in the English Department; and Dr. C. H. Hu (Ph.D., New York University), who comes to join the staff of the Education Department.

A NEW FEATURE

A new departure featured the admission of Freshmen to college this fall in what might be termed an Orientation Week, conducted by the faculty committee on Student Life with the ready assistance of Officers of the Young People's Christian Association. All new students were asked to report at the college one week before opening day for a programme of talks and activities designed to make them feel at home on the campus before actual classes began. Included in this programme were a talk by President Lee on the history, organization, and administration of the College; a tour of the campus; special student self-government etc.; a talk by the Dean, Dr. T. C. Fan, on the selection of courses and other advice to new students. A reception was tendered to them one evening, and one whole afternoon was spent in getting acquainted with the business section of the old Tartar City and in sight-seeing around the West Lake and the temple areas of the environs.

Since June, one new building has been completed and two more are projected. Finishing touches are being put on the new materials-testing laboratory. The equipment for this new unit for the Engineering Department is expected to arrive next month, purchased with money given as a subsidy by the Ministry of Education of the National Government. A hydraulic laboratory for the same department is soon to be constructed with funds contributed by friends of the College. Ground has already been broken at the lower front edge of the campus for the new Economics Building—a special gift of the family of Mr. Sze Liang-tsai as a memorial to Deng Tsu-hsin, a former student in that department. A special alcove of economics books, the gift of Mr. Deng's father, is to be placed in the building when it is completed. A further fund of $10,000 is sought by organized teams of faculty and students of the Economics Department to provide special equipment for the new building.

THE ABYSSINIA DISPUTE

News In Early Cables

Addis Ababa, Sept. 20.

The Emperor and his advisers spent the day considering the proposals of the Committee of Five.

It is learned unofficially that the Emperor will probably accept the proposals in their entirety owing to his strong desire to secure a peaceful settlement although the suggestion that Ethiopia should recognise Italy's right to certain special economic privileges is not welcome—

Reuter.

COMPLETE UNCERTAINTY

Geneva, Sept. 20.

There is complete uncertainty here with regard to Italy's probable reply to the League of Nations proposals of compromise, but it is known that Italy has sounded some Powers on the subject of sanctions.

The movements of the British Fleet in the Mediterranean have undoubtedly produced a tremendous impression in Rome. It is understood that the Italian Government is prepared to withdraw its reinforcements from Libya in return for definite assurance from the British Government with regard to sanctions.

It is pointed out that Signor Mussolini has stated on more than one occasion that military sanctions against Italy would be regarded as a hostile act, leading to war. But he always made reservations with regard to economic sanctions, which apparently he does not regard as an inimical act, if decreed by the League of Nations.

Reuter.

COMMENTS AWAITED

London, Sept. 20.

No further progress in the League's efforts to solve the Italo-Ethiopian dispute can be made until the receipt of the comments of these two Governments upon the report of the Council's Sub-committee of Five.

When he communicated the report to the disputants, Senor de Madariaga requested that replies should be delivered as quickly as possible, but it is appreciated in Geneva that some time is necessary for their preparation and the Italian reply, in any case, is not expected till after important meetings which are due to be held in Rome to-morrow.

Meanwhile, the principal delegates remain in touch to consider the possibilities of the situation, and conversations were held twice to-day between Mr. Eden and M. Laval who is returning to Paris for a meeting of the French Cabinet.—

British Wireless

ITALIAN COMMENT

Rome, Sept. 20.

Comment on the Italo-Ethiopian situation by the Italian press is distinctly more conciliatory this evening.

An authoritative source has assured "Reuter" that Italy did not even remotely contemplate taking an initiative which might extend to Europe the horror of war. This authority added that the precautionary measures which the Government was contemplating would not exceed colonial operations.

DECISIONS AWAITED

Decisions of considerable importance are expected from the resumed meting of the Cabinet to-morrow morning.

To-day's discussions were confined to consideration of diplomatic activities behind the scenes. Signor Mussolini received the French Ambassdor and held him in conversation for nearly an hour and Signor Suvich, Under Secretary of Foreign Affair received the British and Japanese Ambassadors.—

Reuter.

MISSING TROOPS

Rome, Sept. 20.

It is generally believed that the two missing Italian divisions which sailed from Genoa in 18 transports, ostensibly for East Africa, have actually gone to Cyrenaica, although this is not official admitted.

Some time ago it was announced that troops were being withdrawn from Libya for service in East Africa and would be replaced by home troops.

It is remarkable that the forces thus far withdrawn from Libya do not amount to anything like two divisions.

In any event, the 18 transports from Genoa, with 35,000 men abroad, have vanished into the blue.

Reuter.

BLUNT ATTACK

Paris, Sept. 20.

A blunt attack on the employment of sanctions against Italy is made by M. Berenger, President of the Foreign Affairs Commission of the Senate, and former Ambassador to Rome, in a newspaper article.

M. Berenger rules out military sanctions under any pretext. With regard to economic sanctions he believes it is futile to talk of a blockade, considering that Germany, the United States and Japan are outside the League.—

Reuter.

MILITARY ACTION

London, Sept. 20.

The only condition on which he could support armaments and military action in the present crisis is if they are used by a group of Socialist States against capitalistic aggression, declares Sir Stafford Cripps, the Labourite, in a statement to his constituents.

If the workers desire to check Italian and other aggression, he says, they can operate working-class sanctions by withholding material and financial assistance. That would be a real sanction, without putting themselves in the power of their own capitalistic Government.—

THEIR SILVER JUBILEE

St. Andrew's Scouts Celebrate

A thanksgiving service was held on Saturday at St. Andrew's Church in connection with the occasion of the St. Andrew's Boy Scout Troop's Silver Jubilee. The service was largely attended.

The Rev. J. R. Higgs, Vicar of St. Andrew's Church, gave an illuminating sermon dealing with the activities of this troop of boy scouts, and prominent among the congregation were members of St. Andrew's and other troops of the Colony.

Yesterday there was a large gathering present to see the scouts give a display that proved to be the high light of the programme. Among those present were Sir Henry and Lady Pollock, Mr. C. Champkin, the Acting Commissioner of Boy Scouts in Hong Kong, and the Hon. Dr. R. H. Kotwall.

His Excellency the Officer Administering the Government, the Hon. Mr. N. L. Smith, sent a note regretting that he would be unable to attend, as did also Sir William Hornell, the Puisne Judge, Mr. R. E. Lindsell, and the Bishop of Victoria, the Rt. Rev. R. O. Hall. All joined, however, incongratulating the Troop on their 25th birthday, and wishing them all prosperity.

MARCH PAST

The function commenced at three o'clock with an impressive march past of the Cubs and Scouts, each section being led by its respective Colour Party. All stood at attention while the troop leader, F. Wynyard, broke the flag.

The cubs then gathered in the centre of the ground to give the "Grand Howl." This was rendered as effectively as the name suggests it should be, and when this ceremony had been performed the Colour Parties marched off.

CUBS IN DANCE

Through the medium of a microphone erected in the grounds, Miss I. Woolley, the Cub Mistress, explained to the spectators the significance of the next event, entitled "Jungle Dance," which was performed by the cubs. The antics of the youngsters in their manifestations of jungle prowlers were both illuminating and highly amusing.

A group of scouts then began the difficult task of erecting a signalling tower, and taking everything into consideration, they did the job both quickly and well. Simultaneously, another group was building a monkey-bridge. When the tower was completed two scouts climbed to the top and demonstrated its usefulness by signalling to another couple perched on the roof of the Vicarage.

FIRST AID

A demonstration of life saving and first aid was then given by the scouts and this was followed by a portrayal, by the cubs, of an adaptation of one of Rudyard Kipling's jungle stories.

R. Wong, the Assistant Scoutmaster, gave an interesting running commentary to an item entitled a "Cavalcade of Cubbing and Scouting."

An excellent tea was then served and when this was concluded the presentation of badges was carried out by Lady Pollock.

KING'S SCOUT

P. L. J. Wynyard gained the highest distinction a scout can attain, when he was presented with the King's Scout Badge. In addition he was given the Proficiency Badge and the Cub Instructor's Badge.

Other awards were as follows:—P. L. L. Millington, First Class Badge and Rescuer's Badge; J. Hool, First Class Badge and Pioneer's Badge; P. L. L. Gibson, First Class Badge; A. Hicks, First Class Badge; W. Hicks, First Class Badge; G. Large, Cub Instructor's Badge.

HISTORY OF TROOP

When the presentation was over the Rev. J. R. Higgs, Vicar of St. Andrew's, traced the history of the Troop since its inception in 1910. He went on to say how deeply gratified the local founders of the movement would be if they could realise the roots it had taken in the Colony, and how it had grown during the past 25 years.

REGISTRY WEDDINGS

The Registry of Marriages at the Supreme Court was the scene of three pretty weddings on Saturday, all the contracting parties being Chinese.

Mr. Leung Tak-wai, the well-known local footballer, clerk in the Assessors Office, of No. 436 Nathan Road, Kowloon, was married to Miss Wong Sam-lau, of No. 634 Nathan Road, Kowloon.

Another footballer, the former Athletic full-back, Mr. Lai Yuk-tat, Assistant Marine Surveyor, of No. 12 St. Francis Yard, Hong Kong, son of the late Mr. Lai Wing, was married to Miss Tan Sit-haan, daughter of the late Mr. Tan Chik-san.

Mr William Kwong Sing Yung, of the Canton Air Force Headquarters, and of No. 298 Tai Nan Street, Shamshuipo, was married to Miss Violet Wai Fong-lau, of No 48 Nullah Road, Mong Kok.

RURAL CO-OPERATION

Nanking, Sept. 18.

For the promotion of rural co-operation, the National Economic Council has been making preparation for the organisation of a co-operation commission.

The commission, which is expected to be formally inaugurated within the next week, will have a secretariat section and a financial section, and its personnel will be composed of members of the Co-operative Department of the Ministry of Industry.

After the inauguration, the commission will direct the efforts especially toward the granting of the rural credit loans, the organisation of rural co-operative societies and the promotion of the rural co-operative production.—*Central News Agency.*

FLIGHTS OVER SHANGHAI

By Eurasia Plane

Shanghai, Sept 16.

Representatives of shipping and travel companies, members of the press, and other interested parties were guests of the Eurasia Aviation Corp. yesterday morning, when they were taken up in parties of fourteen in flights over Shanghai in the new Junkers trimotor aeroplane which recently arrived from Germany for the Shanghai-Chengtu service.

Each trip lasted between ten and fifteen minutes, and comprised a circular flight over the Western and Central Districts, the French Concession, and the Native City. It seemed all too short, however, and even those on their first flight were reluctant to leave the plane.

The cabin contained twelve leather seats and a bench for two, with the usual parachute incorporated in the cushioned seat. Pleasantly heated, it was more like sitting in a Pullman car on a train, and although the air was rather "bumpy," the Junkers rode the rough spots smoothly as it sped through the air at a speed of about 120-140 m.p.h.

NOISE NOT OBTRUSIVE

Except in taking off, the noise of the three B.M.W. engines was not too obtrusive, and voices had only to be slightly raised for them to be heard by those on the opposite side of the cabin, which, for the benefit of the nervous, is crash-protected.

The take-off was smooth and rapid, and the panorama of Shanghai was soon spread out before the eyes of the passengers. Like a silver ribbon, the Whangpoo twisted and turned below, till it lost itself in the waters of the Yangtze, while the crowded city looked like nothing so much as a gigantic toy town.

After a preliminary circling of the air field, the plane glided in to a landing with her motors shut down. It stopped after a small preliminary bump in a distance much shorter than is normal in transport planes of its size, thanks to the ingenious "auxiliary wing," which, like an exaggerated aileron, apparently banks air down in front of the low single wing, forming a very efficient air brake.

It has not yet been decided when the "Wilhelm Schmidt," as it is named, will be put into service. At present it is being kept at the Lunghwa airport, alongside the "Emil Thuy," a similar type of ship owned by the Government.

MARINE COURT

Wanted In China

Shanghai, Sept 16.

Holding that judges of ordinary courts are incompetent to hear cases arising out of collisions of ships at sea due to lack of marine Officers' Association has sent a petition to the National Judicial Conference being convened in Nanking asking for the establisment of a marine court.

The petition is believed to be the outcome of an imprisonment term passed on the commander of the ss. Haichow by a local court, to which the members of the Association took exception. The ss. Haichow collided with a boat on the Whangpoo. The boat sank. It was reported that the special committee of the Navigation Bureau freed the Chinese captain from any responsibility, but the court, at the complaint of the owner of the boat, heard the case and sentenced the commander.

Following is a gist of the petition sent to Nanking:

"Collision of ships is not an infrequent occurrence, therefore, it is inappropriate that disputes arising out of such accidents should be heard by ordinary courts the judges of which usually possess no experience of navigation. During the past few years many such cases have been misinterpreted in which numerous captains and officers of ships have been unjustly punished under charges of the Criminal Law. Such unjust judgement in such cases by the courts, if allowed to continue, will greatly handicap the profession of the Chinese marine officers. Moreover as foreign seamen employed in Chinese ships, when involved in a collision, are never charged under the Criminal Law, all the Chinese shipping concerns will prefer to employ foreign navigators in preference to Chinese.

THE NAVIGATION RIGHTS

"With a view to protecting the interests of Chinese seamen and retaining the navigation has previously submitted a petition to the National Government requesting it to establish a marine court. A reply was received from the Executive Yuan to the effect that the matter was then under discussion by the Judicial Yuan, the Ministry of Communications, and the Ministry of Navy. This Association submits for your consideration this further petition with a request that, prior to the formation of such a court, when cases of such nature are being judged by the ordinary courts, the opinions of experience seamen who have served as captains of ships for over three years should be solicited, on the cases should be heard in company with the members of the special committee of the Navigation Bureau so as to avoid any unfair judgment. It is also requested that, before a definite decision is reached, the courts should not detain the captains and officers of the ships involved in such cases."

BIG DEMONSTRATION

Shanghai, Sept. 16.

One of the greatest Catholic demonstrations witnessed in China took place at Siccawei yesterday afternoon when more than 2,000 Catholics walked in a solemn procession to honour Jesus Christ in the Holy Eucharist. The occasion was the closing of the National Catholic Action Congress, whose sessions throughout last week proved a great success, with brilliant speakers and with delegates from all parts of China.

The early hours of the day had seen a gathering at Siccawei of over 1,000 Chinese boys and girls, members of the "Eucharistic Crusade" in various districts of the Vicariate of Shanghai, and these children, in their characteristic uniforms, walked in the Eucharistic procession yesterday afternoon.

All the Catholic institutions at Siccawei—the Cathedral, the Grand Seminary, convents, colleges, and schools—and the shaded lanes leading through the settlement, had been hung with garlands, shields, and flags, largely of emblematic character, in honour of the occasion. The Seminary garden, the destination of the sacred march, was particularly richly decorated and exhibited a large improvised alter next to the building, where the service of Benediction was to be celebrated.

A NOVEL EXPERIMENT

The party which styled itself the "Social Credit Party" under the leadership of Mr. Aberhart recently swept the board at the Alberta elections and one feature of this success was the extinction of the pre-existing local parties. In other respects, however, it was by no means surprising, for Mr. Aberhart, who seems to be an extremely able propagandist, based his electoral appeal on a promise to supplement the income of every citizen with a monthly payment of £5 out of the credit resources of the state. It was not, therefore, surprising that the impoverished farmers of Alberta Province should have jumped at the opportunity of voting themselves richer by that amount per month, with the prospect of it being increased later on to £15. It looks very much as though the whole thing is an attempt to bribe the employed as well as the unemployed elector with a fat dole, but to do justice to Mr. Aberhart let it be said that he contends that a gratuity of £5 is not a dole at all but a just claim on the unutilised resources of the Province. His theory is based apparently on a somewhat imperfect understanding of the writings of Major Douglas who is the author of the "social credit" idea in Britain. The word "imperfect" is used because, according to reports received, Major Douglas has "condemned Mr. Aberhart's plan as impracticable."

From outward appearances the distribution of a monthly gratuity to each citizen might have been supposed to be an act of inflation pure and simple, but Mr. Aberhart denies that his plan is any crude panacea of that sort. The outward and visible symptom of inflation is rising prices but Mr. Aberhart's gratuity is, paradoxically, to result in a falling in prices. It appears that the spending of the gratuities will be prevented from raising prices by the action of a board of price-fixing experts, who will not only stamp out profiteering but will also do what they deem necessary to bring about a general reduction of prices. In other words, despite the fact that money will be spent more freely, prices are to remain stable or even register a fall, a condition of affairs which would certainly necessitate the presence of a policeman at every shop counter to supervise every transaction. Even with the aid of the policeman, however, it is difficult to see how the consumer will be any the better off, for as the people of Britain learnt during the War, it is no use making plans to do any elaborate shopping if the goods are not there to be bought. Goods cannot be conjured into the shops merely by the fact that a large number of people are waiting outside to buy them, for they have first of all to be produced which necessitates producers' credits, the accumulation of which over and above consumers' credits would no doubt create an inflationary situation.

It is true that such a situation would not arise if it could be shown that the gratuity merely replaced an inevitable deficiency of purchasing power due to some flaw in the existing monetary mechanism. It may be possible that Mr. Aberhart has discovered some flaw of this kind which has hitherto remained obscure but the test will come when his plan is brought into operation. If no inflation follows and the community proves to be generally more prosperous, then indeed economists all the world over will have to sit up and take notice. By the method of trial and success the world will have grown wiser but many still remain sceptical and would like to know how Mr. Aberhart has calculated that £5 a month is precisely the right amount to be given away in order to gain his object. Has this sum been determined mathematically, or is it merely a guess? Surely it must make a great difference to the result whether the amount ought to be £5, or £10 or even £20. At any rate the experiment ought to be extremely interesting and many economists are grateful that it is being given its first trial in Alberta.

If Gossip We Must

(BY "ONLOOKER").

There was a good gathering at Polo on Wednesday. Since the club has moved over to Kowloon I do not often have time to make the journey. It was a marvellous opportunity to see one's sporting friends who seem to hibernate in the summer. Mrs. McAvoy was looking her cheerful self again after her illness, and Betty and Heather Gerrard were both in evidence, the latter wearing the most delightful blue coat with a fringe all round it. People—the skinny kind any way—were feeling rather chilly, and a great many were wearing definitely Autumnal clothes, while others effected thick silk or linen suits, or had coats with their dresses. Mrs. Wilson looked as lovely as ever in a becoming shade of egg shell blue, and after the match between the Gunners "and the Lincolns" she was seen giving much sugar to the winning ponies. Mrs. John Ropes seems to be a very keen follower of polo, and was watching the chukkers intently, in the neatest little linen suit and sporting beret. Mrs. Hooper is another very knowledgeable spectator, who knows a good pony when she sees one, and quickly picks out the faults of the local breed on the ground.

The second match of the afternoon was between the Fusiliers and the Civilians. Mrs. Newbigging arrived with her husband and Mr. Bousfield who were both playing with great vigour

Mrs. Murray-Lewis was watching with friends from over at the other end of the field part of the time. She was wearing a smart skirt slit up all round the hem. A good idea for a walking garment such a lot of these new tight skirts are misery to walk in.

Amongst the unknowns to me there was a girl wearing the smartest bright green tunic with a brown skirt, and another in dark blue. I wonder if they will appear again, or if they were but passing through?

The Garden Party given by H. E. Sir Thomas and Lady Southorn was a brilliant affair.

AT THE HOTEL

On Saturday night we went to the Hotel for dinner and found ever so many people there. It seems to be very much the transition stage here. Interesting new autumn models are seen about; and yet lots of people are wearing their cool washables while they may.

Noreen Cooper was wearing that lovely robin's egg blue which is so popular just now and Mrs. Hopkins looked deliciously fresh in pale yellow. Mrs. Tisley and her husband were having a party on their own, and so were Mr. and Mrs. Frederick—the latter wearing a beautifully cut dull gold dress. The dress of the evening was definitely worn by Heather Gerrard. It was made of some sort of figured material, and had a gorgeous sweeping back, very full towards the hem.

AFTER THE "FLICKERS"

I wonder who the girl is with such a beautiful sun tan who had those intriguing tassels down her back? We newcomers do envy the Hong Kong "lovelies" beautiful tan.

After the "Flickers" the "Gripe" got fuller and fuller. All sorts of fleeting visions appeared and disappeared. Mrs. Portman arrived in a perfect Cinema dress—a crisp pink blouse with a long black skirt. But just about this time someone suggested Repulse Bay, so we got into what they call "Pirate Cars" and when we got to the Hotel most people seemed to have packed up but there were still a few cheerful souls about. Mrs. Keary looked nice in gray with a violet coloured posy in the front of her dress, and Sheilah Dawsnap looked so fresh and sweet in white with attractive blue cords round her neck.

MORE DEPARTURES

Alas these "P. and O." ships bearing away our best friends! Mrs. E. W. Hamilton sailed on Saturday. These partings, although only temporary are so depressing that I did not face seeing off the ship, but I saw Mrs. Hamilton at Home in the early morning looking just as marvellously groomed as ever, and all ready to start.

WATERFRONT BATTLE

Several men have been detained for fighting at the sea front at Tai Kok Tsui near Shum Chun street. It is alleged that the fight was the result of the refusal of a junk man to move his junk which he had tied to a pier that had been built by sampan men. A number of sampan hawkers set upon the junk man with poles when he came ashore, and his friends seeing his plight came to help him and a fight began.

An Indian constable who happened to be on the scene arrested several of the men and those who were hurt were sent to the Kowloon Hospital for treatment.

TYPHOON WARNING

The following telegram despatched from Manila at 4 p.m. was received through the American Consulate here:—

Typhoon in about 129 degrees Long. E. and 25 degrees Lat. N., recurving northeastward.

Typhoon in about 147 degrees Long. E. and 18 degrees Lat. N., direction unknown.

The Hong Kong Observatory reported at 6 p.m. that the typhoon was about 150 miles to the south-east of Naha, moving N.N.E. Another typhoon was developing to the north of Saipan.

SUSPECTED SUICIDE

The body of a respectable looking Chinese male, age about 35, was found in the hillside above Taipo Road near the Basel Mission House. An empty bottle of Lysol was lying near the body.

The man, whose identity was unknown at the time, was clad in a white singlet and khaki shorts, and he had the appearance of a shop foki.

Apparently it is a case of Lysol poisoning and this possibility is being investigated.

NEWS SUMMARY

A unique event in the history of the St. Andrew's Boy Scout Troop—indeed, in the annals of scouting in Hong Kong—was celebrated in fitting manner on Saturday, when the St. Andrew's troop were "At Home" to their friends in the Church grounds on the occasion of their Silver Jubilee. Page 7.

The Chinese were beaten by the Americans in their return baseball encounter on Saturday while the Japanese trounced the Canadians by 32 runs to 6. By virtue of the Americans' win it seems probable that a replay will have to be staged to decide the winner. Page 11.

LOCAL AND GENERAL

The Sincere Co., Ltd., announce that in commemoration of Confucius' Birthday, they will take a holiday on Tuesday, September 24, for one day only.

Under the auspices of the Arts Association of the University of Hong Kong a lecture will be given on Thursday, September 26 at 8.45 p.m. in the Union Assembly Room at the University, by Mr. H. C. Macnamara, on: "The Rise and Fall of Napoleon III."

His Excellency The Governor of Macao and Madame de Miranda left the Colony on Saturday by the P. & O. s.s. Ranpura for Home.

Two cases of enteric fever and one of typhus fever were reported to the Health Authorities for the 24 hours ended on September 20.

Miss F. Boullin, nursing sister at the Kowloon Hospital, had a terrifying experience on Saturday night, when her hand-bag was snatched from under her arm by a Chinese male, who is still at large. Miss Boullin was waiting for a bus at the bus stop in Waterloo Road, near the Kowloon Hospital, at about 7.30 p.m. when suddenly out of the dark a Chinese emerged and snatched her bag, which, including the contents, is valued at $40.

R.A. PRIVATE UNDER ARREST

Alleged Misuse Of Car

As the result of information given by a Chinese constable, a Private of the R.A. was arrested by a European officer yesterday at about 2.30 in the afternoon at the Y.M.C.A.

It appears that a constable saw a car being driven on the wrong side of the road in Salisbury Road, and it was later discovered that the car in question No. 1321, had been reported missing from the Oriental Theatre shortly after noon that same day. It was alleged that the Private brought the car across by the vehicular ferry and did not pay the fare.

The owner of the car, it was stated, is Mr. Pun Tse Tsim.

GENEVA AWAITING THE ITALIAN REPLY

Proposals Rejected But Still Some Hope

ABYSSINIAN ARMIES RESTLESS

Italy has formally rejected the Geneva proposals, although it is felt that the way is still open for negotiations. This decision is causing grave anxiety in the capitals of Europe. In the meantime the Committee of Five is awaiting the Italian reply before taking further action.

A strong rumour is afloat in Geneva that the King of Italy has written to King George appealing for a better understanding between Britain and Italy, but British quarters are not aware of such a move.

Meanwhile the Abyssinian armies are growing restless and the news of Italy's rejection of the proposals has only aggravated their impatience. The young tribal chiefs along the frontiers are itching for an attack on the Italian posts, tired of waiting to be attacked The Emperor is taking every precaution to precipitate a crisis.

Bitter attacks on England are made in the Italian Press at the alleged concentration of British ships in the Mediterranean. It is pointed out in Britain that the movements of British naval units can only be regarded as reasonable precautions in view of the threatening tone adopted for some time in the Italian Press towards the Powers which showed an intention of standing by their League obligations and that such measures are justified.

RAY OF HOPE

London, Sept. 22.

A ray of hope is still apparent despite Signor Mussolini's rejection of the League plan is the general tenor of newspaper comments in Paris and London.

The "Sunday Times" urges the necessity of calm if resolute judgment and says that the British attitude has been made clear beyond peradventure. The next step rests with the League in its capacity as collective keeper of the conscience and security of civilisation. Britain has no separate quarrel with Italy and talk of war between Italy and Britain is nonsense.

Both the Paris newspapers "Matin" and "Journal" expect that Italy will make counter-proposals, the former paper stating that it is necessary to await such proposals before regarding the negotiations as ended. On the other hand the authoritative Rome statement asserts it is now for the Powers or the League to make fresh proposals in accordance with Italy's aspirations, and adds "there has been no rupture."—
Reuter.

NOT LAST WORD

Paris, Sept. 21.

Signor Mussolini's "no" was flashed to the Ministers while they were lunching with the guests and the President and caused a profound shock.

The country is waiting to hear whether the Cabinet will face up to the pledge M. Laval gave that France would not flinch from covenant obligations. An immediate French reaction towards Britain's assurances to uphold the covenant in Central Europe is not likely to materialise.

It is pointed out that the communique, while rejecting Geneva's plan, concluded in a conciliatory manner which gives ground for hope that it is not Signor Mussolini's last word. French observers read it as implying that Italy is willing to continue talks through diplomatic channels.—
Reuter.

ITALIAN KING'S LETTER

Geneva, Sept. 21.

It is strongly rumoured here that the King of Italy has written to King George appealing for a better Anglo-Italian understanding, but British quarters are not aware of any such move.

The Committee of Five at a brief meeting took no decision pending the formal reply of the Italian Government which may be received to-morrow. It is expected that Baron Aloisi will ask for further information and this will enable the Committee to ask Italy to state definitely what she considers accepable as a basis for negotiations.

The Committee will doubtless throw the onus of presenting plans upon Italy and anyhow the Committee is determined to push on as quickly as possible with the issue.

Many of the small powers feel that the Committee has gone further than the circumstances justify.—
Reuter.

CABINET TO MEET

London, Sept. 21.

Italy's rejection of the proposals of the Committee of Five has startled public opinion here though hope is still cherished there will be a more favourable outcome.

This decision makes it certain that the British Cabinet will meet next week. Mr. Baldwin is expected to return to Downing Street on Sunday evening and it is possible the Cabinet will meet on Monday, but as the Italian decision has not yet reached Geneva, a more likely day for the Cabinet meeting is Tuesday.

The Italian decision and the consequences may lead to an earlier reassembling of Parliament than October 29, though it is possible that the international situation may remain so delicate in the immediate future that public discussion in Parliament may be judged to be inadvisable at present, in which case the Government will decide to summon Parliament earlier.—

HINDENBURG LINE

Addis Ababa, Sept. 21.

Wahid Pasha, the Turkish General employed by the Ethiopians, is building a Hindenburg Line south-west of Jijiga, repairing the old fort built by the Mad Mullah, and making new forts, dugouts and trenches.

Reinforcements are being despatched daily from Addis Ababa to Diredawa, and from thence to Harrar. The movements show that the Negus intends to concentrate the bulk of the army in the south and may even take the offensive there if the Italians declare war.

Many Ethiopian women are taking the field with their husbands. The wife of Governor Michael is raising a company of Amazons. She usually consult the leader of the Opposition Party and possibly commands a machine-gun detachment.

ETHIOPA PREPARES

Some 15,000 further soldiers arrived overnight, many accompanied by their wives and sisters, who act as camp-followers. Over 30,000 troops were seen drilling in the capital to-day, while 200 new lorries paraded the streets, blocking the traffic for several hours.

Some 1,200 boy scouts are training to assist the police in the event of air raids.—

ATTITUDE OF BRITAIN

Misunderstood By Italian Press

London, Sept. 21.

The newspapers contain reports from their correspondents in Italy referring to bitter attacks in many Italian newspapers on England and fierce denunciations of the alleged concentration of British ships in the Mediterranean. The general comment is that, apart from exaggerating and misinterpreting the British naval movements, the Italian Press campaign, which has included accusations of aggressive intentions on the part of Britain, shows a complete misunderstanding of the British attitude.

The issue in the present case, says the "News Chronicle" in a leading article, is not between Britain and Italy—a nation with whom the Government of this country has no conceivable quarrel—but between Italy and the League. The threat of war which has arisen has been referred to the League and is under the League's adjudication and cannot be taken away from the League.

The sole British concern, as this and other papers emphasise, is to support the covenant and discharge the obligations undertaken as a member of the League. Any suggestion of unilateral action by Britain is therefore absurd.

JUSTIFIED MEASURES

So far as the recent movements of British naval units is concerned, it is pointed out that these are for the most part merely anticipations of rearrangements foreshadowed at various times, including the speech of the First Lord of the Admiralty on the Naval Estimates, and that they can only be regarded as reasonable precautions in view of the threatening tone adopted for some time in the Italian Press towards the Powers which showed an intention of standing by their League obligations.

The association of these measures to safeguard the position with possibility of sanctions is, it is argued, quite justified.

The question of sanctions as the Home Secretary, Sir John Simon said in a speech at Cleckheaton last night, has not arisen. If such a question does arise it will be for the League of Nations as a whole to deal with it.—
British Wireless.

ITCHING FOR ATTACK ON ITALIANS

Young Tribal Chiefs Growing Restless.

Addis Ababa, Sept. 22.

The gravest danger is being faced by the Emperor despite his immense and steadily growing personal prestige lest he will not be able to hold the restless troops in check and hostilities be precipitated.

Messages from Reuter correspondents along the Eritrean and Ogaden frontiers show that many of the younger tribal chiefs both in the north and south are tired of waiting to be attacked and are itching for an attack on the Italians immediately.

The news of Italy's rejection of the Committee of Five's proposals has aggravated the impatience.

The northern army commanders have taken the extreme step of withdrawing the advanced frontier posts twenty miles from the frontier, only allowing patrols to guard this area.

GOOD ADVICE

The Emperor has also renewed his instructions to all commanders to refrain from offensive measures and if the Italians attack the Ethiopians must withdraw until the final policy of the League is known.

Nevertheless although the Ethiopians are normally one of the most lethargic nations in the world, the most recent development is producing an effect resulting in tension in governmental circles and nervousness among other sections of the population.—

MINISTERIAL COUNCIL RESOLUTION

Proposals Unacceptable To Italy

(Special to "Hong Kong Daily Press").

(By Telegraph, Copyright, Telegraphic Messages Ordinance, 1904. Received, September 22, 4.30 a.m.)

Rome, September 21.

Signor Mussolini's answer to the Committee of Five's proposals is, as expected, a definite "no" according to the informal resolution passed by the Ministerial Council on Saturday and contained in the official communique.

The head of the Government gave a comprehensive survey of over an hour's duration of the political and military situation which has arisen in the last few days. He then read and explained the reports handed in by Senor de Madariaga, President of the Committee of Five, to the Italian delegation at Geneva.

The Ministerial Council passed the following resolution: "The Ministerial Council has taken note of the proposals contained in the report of the Committee of Five and subjected them to careful examination. Although it appreciates efforts of the Committee of Five, the Ministerial Council has decided that these proposals are unacceptable, since they do not offer a sufficient minimum basis for putting the ultimate and practical measures into effect which would at last take Italy's rights and vital interests into account.

"The Ministerial Council ended at 1 o'clock in the afternoon. In order to follow the development of the political situation and settle matters on the agenda, the Council will meet again next week."

GRAVE PESSIMISM

The situation is regarded with the gravest pessimism by the foreign diplomats here. It is pointed out that contrary to expectations the Italian communique contains no counter-proposals or hint of willingness to enter into further negotiations.

The conversation which Sir Eric Drummond had with M. Suvich on Friday, almost took the form of an ultimatum according to reports in diplomatic circles, and it is assumed that under these circumstances Signor Mussolini saw no object in making proposals which he knew in advance would be refused, merely to place the responsibility for the final breakdown of the negotiations on Geneva.

Fascist circles make no secret of their readiness to undertake the risk of sanctions in war, and stress that the communique states expressly that Il Duce gave a survey of the military situation.—

GENEVA RECEPTION

Geneva, Sept. 21.

The committee of Five assembled on Saturday evening to consider the declaration made by the Italian Ministerial Council, but after a short session adjourned till Monday. A statement issued after the session says that the Committee took note of the Rome communique, but in order to determine its full significance decided to await the official Italian answer to its report. This answer was expected from Baron Aloisi on Sunday or the latest on Monday. Pending its arrival, the Rome communique, though naturally subjected to lively discussion, has been received with comparative calm by official circles here.

It is stressed that it does not constitute Italy's official reply to the Committee of Five as well as being couched in very moderate terms and even expressing appreciation of the Committee's efforts, whereas the standpoint hitherto has been that for Italy the Committee did not exist.

The communique is interpreted not so much as a refusal on the part of Signor Mussolini to enter into further negotiations as a refusal to accept the proposals in their present form, and it is expected he will invite the Committee directly or indirectly to revise them more in accordance with Italy's wishes. The probable stumbling block here, however, is considered to be the attitude of the British delegation, who hitherto declared that the present proposals represent the limit of concessions to Italy to which they are prepared to agree.—

GERMANY TO BE NEUTRAL

French Reports Ridiculed

Berlin, Sept. 21.

The news that the Italian Cabinet had rejected the recommendations of the Committee of Five has greatly surprised official circles, but it is still hoped that it may leave the way open for further negotiations with a view to avoiding an outbreak of hostilities.

In view of Chancellor Hitler's declaration at Nuremberg as regards not interfering with matters which do not concern Germany, it is safe to conclude that the German Government would declare neutrality in any conflict arising from the Italo-Ethiopian dispute.

A Government spokesman ridiculed the suggestion in the French newspapers that Germany might march into Memel district, but all they wanted was the signatories of the Memel pact to do their duty and see that autonomy is restored to Memel.—

FRENCH BUDGET CONSIDERED

Cabinet Council Decisions

(Special to "Hong Kong Daily Press")

(By Telegraph, Copyright, Telegraphic Messages Ordinance, 1904. Received, September 22, 4.30 a.m.)

Paris, Sept. 21.

The public was plunged into tremendous excitement by the news of Italy's refusal, the papers being literally torn from the newsboys' hands and studied by groups on the streets among whom the word "war" could be frequently heard. In official circles, however, the Italian answer occasioned no surprise, but the final attitude of the Government is unknown since the report from Rome arrived only after Saturday's Cabinet Council ended.

The principle item on the agenda of this Council was the consideration of the budget for next year, which proposes the expenditure of 40,000,000 francs. A supplementary estimate of 7,000,000 francs is primarily necessitated by the additional strengthening of the fortifications on the Eastern frontier, for which six and a half milliard francs have been set aside.

For the first time in the history of the Republic, the Cabinet turned their attention to national sport. The defeat of the French athletic team by Germany last Sunday occasioned deep disappointment among the public, which has taken the form of criticising the organisation of French athletics as well as against the leading personalities in this field. Minister Lafond therefore submitted proposals for the improvement of French sport organisations.

TOURIST TRAFFIC

The Cabinet Council adopted draft laws providing for retaliatory measures against those countries where the tourist traffic abroad is impeded by foreign currency restrictions. It was decided that the French tourists who wish to visit any such country must pay a tax not exceeding 5,000 francs. Exceptions will be made in certain cases, such as business journeys. Any infringement of these laws or attempt to evade them will be punishable by a fine up to 15,000 francs.

The Cabinet Council concluded with a report by Premier Laval on the Italo-Abyssinian dispute, which lasted for over one hour.—

SIR FREDERICK SPEAKS

Japan Sceptical Of Results

Shanghai, Sept. 22.

Sir Frederick Leith-Ross, who is proceeding to Nanking at 11 p.m. in the company of Lady Leith-Ross and Sir Alexander Cadogan, declared in an interview that his mission was to investigate the economic conditions and he was uncertain how exactly the work can be started as the social, economic and political conditions here were different from England.

Regarding a loan to China, he declared he thought it hard for China in view of past experience with defaults.

Commenting on his visit to Japan, Sir Frederick said that he had definite assurance that the Japanese authorities favoured a stabilised and prosperous China, but they were very sceptical of possible results in the present investigation because they thought it was "hard to deal" with China.—*Reuter.*

NANKING WAITING

Nanking, Sept. 22.

Sir Frederick Leith-Ross will leave Shanghai for Nanking at 11 o'clock to-night by the midnight express in company with Sir Alexander Cadogan. He is expected to arrive in the Capital at 7 o'clock to-morrow morning. After his arrival here, Sir Frederick will be greeted at the Hsiakwan Station by the representatives from various government organs, including the National Economic Council, the Ministry of Finance, and the Ministry of Foreign Affairs and the member of the British Consulate here.

Sir Leith-Ross will call on Mr. Wang Ching-wei, President of Executive Yuan, to-morrow afternoon, it is learned.—

RACING SEASON RESUMES IN GLORIOUS WEATHER

Able Amazon Sets Another Record

DONALD BLACK SCORES THREE WINS

Favoured with ideal weather, and a hard track which was conducive to good racing, a moderate crowd turned up at Happy Valley on Saturday for the Eighth Extra Race Meeting of the year which was the opening meeting after the summer recess. Dividends on the whole were on the low side and cash sweep dividends in particular dropped off considerably.

The finishes were rather close side but Able Amazon turned up at the winning post lengths ahead of her next rival to break the record for the Five Furlongs. This was the only record shattered during the day.

Several thrilling finishes were witnessed and in the seventh race Soldier of Peace and Monoplane dead heated for first place after one of the closest finishes seen for a long time. The result of this race was that the "Daily Double" returned two figures: $1152.80 and $128.00.

Favourites did not all enjoy their day. The highest dividend paid was, on Monoplane which returned $65.60 for a win and $50.70 for a place.

Donald Black was the most successful jockey for the day with three firsts and a third while Leo Frost was next with two firsts and two seconds.

Several Thrilling Finishes

Nine ponies faced the starter for the first race of the day. Attendance was moderate. The track looked good and was conducive to good going. Slight difficulty was encountered in the start but after a while the ponies got off to a good start. Clear View took the lead followed by Flybynight and Royal Romance. The same positions were maintained until well past the half mile post when the second and third horses were displaced by Meysey and Bonny Dundee. After the quarter mile post Bonny Dundee shot to the front and kept it up to the end with four lengths to spare. Foxbridge and Harvest View struggled for the next position and Butler piloted Foxbridge past Harvest View by a length and a half. Incidentally Harvest View returned $46 for a place.

CORROBOREE HANDICAP
(Five Furlongs)

The five ponies got off at a good pace. Derby Day led followed by Able Amazon and Mount Pilatus. At the half mile post Goldsmith came up and the same positions were kept up but at the quarter mile post Able Amazon shot to the front and got away from Derby Day. Bag Tor had by now came up and challenged Derby Day strongly for the second position Able Amazon romped home five lengths ahead to bring in a new record for the distance—1.02.3. A short head separated Derby Day from Bag Tor.

JUNK BAY HANDICAP
(Six Furlongs)

Belmont Star took the lead with Emergency Call a close second. Less than 100 yards was traversed when Emergency Call snatched the lead from Belmont Star with Valley View and Lucky Strike following in the rear. At the quarter mile post Emergency Call was challenged by Belmont Star and Lucky Strike, Festival Eve coming up strongly from the rear.

Belmont Star reached the post two lengths ahead of Festival Eve who had displaced Emergency Call for the second position. Lucky Strike came in for the third place—one and a half length behind Festival Eve.

CLEAR WATER BAY HANDICAP
(Five Furlongs)

The attendance had swelled considerably by the time the fourth race was run. Twelve starters faced the starter. High West got off followed by Flamingo. By the time the Rock was reached the ponies got bunched together with High West still in the lead. What's The Time came up with Rain Gauge, Pavane and High Principle following in the rear. High West was hotly challenged by What's The Time and Deemster. However she maintained the lead and came home by about half a length. Meanwhile The Deemster was picking up and eventually ousted What's The Time for second place, also by half a length.

JUNK BAY HANDICAP (FIRST SECTION)
(Six Furlongs)

A big field of 15 ponies was sent away at a good gallop. Boxing Eve went up with Solar Star, Zero and Plain View all bunched together. At the 440 yards post Boxing Eve was followed by Zero and Plain View and at the stretch What A Chance came to the front very strongly and was followed by Zero. These two ponies overtook Boxing Eve and the same positions were maintained till the winning post—What A Chance,—Zero—Boxing Eve.

TWEED ISLAND BAY HANDICAP
(One Mile)

King's Bounty led the field with Hetman, Macaroni, Tiger and Rose Queen following in the rear. At the first quarter Tiger came up to second place with Hetman, Bright View and Monoplane following closely. The same positions were being kept up at the half mile post. Rose Queen and Macaroni occupied the first two positions at the quarter mile post and on the home stretch these three ponies struggled for supremacy. Eventually Macaroni came in first with half a length to spare and Rose Queen was dethroned to third place.

ISLAND BAY HANDICAP (FIRST SECTION)
(One Mile)

Victoria Hall was in front with Soldier of Peace, Spinaway, Lemberg and High Speed following in the rear. Victoria Hall was still in the front when the half mile post was reached, with Spinaway taking second place.

It was a grand finish at the stretch. Monoplane, Bright Star and Soldier of Peace were going neck to neck and a very small difference in the lead was noticeable. Soldier of Peace came up to dead heat with Monoplane for first place while a short head separated them from Bright Star.

VAUCLUSE HANDICAP
(Five Furlongs)

Flummery was restless and carried R. M. Wood for ¼ a mile before he was brought under control. Bobniak Star led with Saucy Face and Streamline in the rear. Bobniak Star was still holding to her position on the home stretch and Empire Day was second. Atlas and Saucy Face came up very strongly from the rear and Saucy Face gave Bobniak Star a great fright. Bobniak Star won by a neck with Atlas one length behind Saucy Face.

ISLAND BAY HANDICAP
(SECOND SECTION)
(One Mile)

The last race brought eight starters to the gate. Great Hall was in the front with Gold Coin and Racing Boy coming strongly behind. At the ¼ mile post Rousseau came up to the third position with the first two unchanged. At the last quarter Gold Coin and Great Hall were level and on the stretch Gold Coin went up slightly and Daylight Eve came up from the rear to challenge Great Hall. The final standing was Gold Coin, Great Hall and Daylight Eve.

LADIES HOCKEY

The First Trial Game

The "Y" Ladies commenced their hockey season on Saturday when they held their first trial at King's Park. Quite a number of new players were tried and by their performance the "Y" Ladies are assured of a very successful season.

Miss P. George, the only custodian, played a very safe game and has considerably improved upon her last year's display, while her sister, Miss W. George continued in brilliant form.

Miss M. Westcott was very much in the limelight, although there were occasions when she was often caught off-side. She has the speed and determination and in several weeks time should fit into the team very well.

The outstanding players were the backs, Mrs. Read, who is staging a comeback, being particularly effective with good interceptions, while her clearances were accurate and powerful.

Miss McCaw was also very much in the limelight and with Mrs. Read should form the back division of the "Y" Ladies this season.

H. K.'S INTERPORT VICTORY

Due Largely To W. Lawrence

SHANGHAI SWIMMERS PUT UP PLUCKY FIGHT

(BY "PLUNGE")

The Hong Kong Swimmers gained a meritorious victory over Shanghai in the Interport swimming contest by 57 points to 30. The final night's competition was more or less a clean sweep for Hong Kong. Hong Kong came in first in all of the five remaining events and once again several records were shattered. Chan Chan Hing smashed the 50 yards Free Style Interport and Colony Records by returning the splendid time of 25 seconds dead. This was one of the closest finishes seen during the meet and there were many who differed from the decision given by the judges, contending that Ward came in just a little ahead of Chan. From what I saw at the finish, however, Chan beat Ward by a touch.

Ed. da Roza delighted his supporters by annexing the premier position in the Diving contest, a position which he fully deserved on the night's display. Lau Po Hei sent his followers wild with delirium when he broke the Interport and Colony Records for the 100 Yards Back stroke covering the distance in the splendid time of 69 seconds flat.

Wilfred Lawrence, the Hong Kong "merman," crowned his earlier successes easily winning the 880 Yards Free Style and incidentally breaking the Interport Record for the distance. His time of 11 mins. 50 sec. was 8.2/5 secs. better than the previous record. Lawrence came in second to Lau Po Hei in the Back Stroke Event, and from what I saw of the race he did not seem to have fought hard for the position. Lawrence returned the highest aggregate of the meet by bringing 20 points for his side. He won the 440, 880 and 220 yards Free Style in addition of coming in second in the 100 yards Free Style and 100 Yards Back stroke.

THRILLING FINISH

One of the most thrilling races seen during the meet was undoubtedly in the 50 Yards Free Style. W. Ward (S), T. Britton (S), Chan Chan Hing (H.K.) and L. Oliveira (H.K.) faced the starter. All got off at a quick spurt, a matter of inches separating the swimmers. At the turn Ward and Chan Chan Hing were about level, Britton was just a few inches behind. Then there came the greatest thrill of the season. Chan, Ward and Britton were fighting neck to neck for the premier position. Chan finished very strongly and his last ounce of effort just pulled him through. There was very little to choose between the first three swimmers with Oliveira coming up in the rear, a couple of feet behind. The judges were some time deliberating the result but eventually Chan Chan Hing was given the first position. Many who saw the race differed with the decision but from what I could see at the finish I believe Chan Chan Hing won just by a touch.

WILFRED'S STAMINA

The 880 Yards started with L. Roza Pereira (H.K.) Sie Bok Kien (S) W. Lawrence (H.K.) and G. J. Grilk (S) taking the water and the race went on for the first three laps in the order named.

Lawrence was taking his time and his brokes were well timed. He was swimming with rhythmic precision and Roza Pereira too was going at a fast pace. Sie Bok Kien was ever at Pereira's heels but at the end of the 8th lap Pereira was still in the lead. Lawrence coming up to second with Shanghai's second string taking the third place.

Pereira was still maintaining the hot pace which he started and Sie Bok Kien was doing his utmost to keep up with it. Grilk had by now been left yards behind and it now developed into a struggle between Lawrence, Pereira and Sie Bok Kien. Lawrence, after the 16th lap, began to shoot forward and was gradually getting away from the other two swimmers. Lawrence was now increasing his pace slightly with Pereira still clinging grimly a few feet behind. The struggle for the premier position now ceased for it was clearly evident that Lawrence was in a class by himself. Then Sie Bok Kien challenged Pereira to a keen duel for the second position but the powerful strokes of the Hong Kong man were still being maintained.

At the 24th lap Grilk fouled the line and hurt his eyes and had to leave the bath and the race altogether. It was a certainty for Lawrence who was drawing further and further away with each stroke and Sie Bok Kien was left a little distance behind Pereira. Lawrence was swimming beautifully and had by the 32nd lap almost had a length's lead from his other two opponents.

He finished strongly to bring in his third win of the meet with Pereira a good second and Sie Bok Kien third almost 1½ lengths behind Lawrence. Lawrence received a tremendous ovation when it was known that he had broken the Interport record.

THE DIVING

The standard displayed by the divers was not as high as might have been expected. S. H. Wong (H.K.) was prevented from taking part due to an abscess in the knee. G. Rush deputised for him.

The Shanghai men (W. Humber and G. J. Grilk) seemed to find the board strange and had some difficulty in getting off from the plank. Some of the dives executed were good while several "splashes" were also noticeable. Ed. da Roza (H.K.) came in first with Humber and Grilk (S) taking the second and third positions.

THE BACK STROKE

Lau Po Hei did extremely well to break the Interport and Colony records for his event. He was strongly challenged by Hammond and Lawrence in the first lap and after that he drew away from them. At the pace he was going it was evident that another record was to go by the board and after the third lap he was yards ahead of Lawrence and Hammond. Hammond was dropping back by then and Lawrence on seeing that his team mate was still in the lead took matters easily and came in for second place. The Water Polo game brought the evening to a close. The game was very hotly contested. For Shanghai A. Logan did extremely well and if he had been given the support Shanghai might have fared better. Hong Kong won by their good team work and consistency and won by 4 goals to one. D. Laing (2) and C. Roza Pereira (2) scored for Hong Kong and E. Welz for Shanghai.

Tigers Sure To Win League Penant

New York, Sept. 21.

Detroit Tigers had a smashing victory to-day in the American League games and their double success over St. Louis Browns ensures their winning the League penant. Bridges was in great pitching form, striking out eight of the St. Louis batsmen and blanking the Browns in the second game.

There were two double headers in the National League. Brooklyn Dodgers staged a wonderful recovery after losing their first game by a single run to defeat New York Giants by 13-6. Philadelphia Phillies blanked out Boston Braves in the first game, but the Braves retaliated by whitewashing their opponents.

The following were the full results:—

FRIENDLY CRICKET

Douglas Hunt Scores A Century

To D. Hunt of the H. K. University goes the distinction of scoring the first century of the season, when he knocked up a brilliant 108 not out against a Press eleven at Pokfulam on Saturday. The Undergraduates won comfortably by 71 runs.

Hunt reached the boundary on 20 occasions and also scored a five.

The Press only played eight men, G. W. Giffen, their wicket-keeper, being injured by one of F. D. Pereira's express deliveries which caught him over the ear. He was sent to the Government Civil Hospital where it was found necessary to have the wound stitched up.

Scores were:—

University:—161 for 7 dec. (D. Hunt 108 not out, F. D. Pereira 3 for 24, S. MacNider 2 for 41).

Press XI:—80 (J. R. Luke 14, F. M. el Arculli 13, B. Tata 2 for 10, K. L. Ng 2 for 16).

Boys' (Over 12) 75 Yards Medley Race:—
Won by L. Remedios in 56 3-5 secs.
Members' 100 Yards Back Stroke Handicap:—
Won by: E. L. Gosano in 83 secs.

LOCAL SOCCER

Lincolns "A" Win Tournament

Some very interesting soccer was witnessed at Sookunpoo yesterday when the third round of the six-aside football was played off. The South China "A" team had very bad luck in not getting to the final as they lost to the Lincolns "A" by a corner.

The first match of the afternoon was that between the H.K. Club "C" and E. Lancs "B" which the Club lost by 2 goals to nil. The Lincolns "D" he no trouble in accounting for the Club "D", beating them by the wide margine of 5 goals to 1.

S. CHINA "A" WIN

A good game was witnessed when the S. China "A" beat the Club "A" by 4 goals to nil. The score does not indicate that the Chinese had it all their own way, for the Club did quite a good bit of pressing but their forwards could not get through the S. China defence. On the other hand the Chinese forwards were very nippy and made good use of every opportunity.

By virtue of their win over the "B" team the South China "A" met the Lincolns "A" in the semi-final of the afternoon. It was a very even game as a full time came with the score at 2 all the Lincolns won by virtue of the only corner they forced.

THE FINAL

As was expected the final match between the E. Lancs "A" and the Lincolns "A" was the most exciting of the afternoon. For the first couple of minutes the exchanges were even. Lincolns then made a successful raid and Harnsworth handled in the penalty area, and Edmondson made no mistake with the resultant kick. A minute later Riding had a glorious opportunity to score but he tripped and was robbed.

In the second half the Lancs began to press from the start and Samford sent in a pile driver which beat Higgins all the way to level the scores.

Edmondson then sent Klayton away on the right wing and this player sent in a neat long shot that found the corner of the net. The Lancs tried very hard to reduce this 2-1 lead but their efforts were unrewarded, the Lincolns began to press up to the final whistle.

The teams were:

E. Lancs "A": — Harmsworth, Swain, North, Samford, Lawton, Riding.

Lincolns "A":—Higgins, Ash, Edmondson, English, Ridley, Klayton.

After the match the G.O.C. Lieut. General Borrett presented the cup to the winners and medals to members of both teams.

BASEBALL

Chinese Beaten

The Hong Kong Americans scored a meritorious win over the Chinese in their return baseball encounter on Saturday at La Salle Ground by 7 runs to 6, thanks primarily to Joubert their pitching "ace" who did a great day's work on the mound.

Throughout the game snatches of good and thrilling play was seen with the Americans ever in the limelight by thei rairtight fielding.

The Americans led at the end of the 4th innings by 5 runs to four, having nitched four in the third stanza. The Chinese retaliated with a single on the 5th and Joubert crowned his play by sending the pill for a four bagger to bring Howard home, thus regaining the lead again by two runs. The Chinese came back on the 6th innings with a single with the Americans being blanked out. Excitement was intense when the 7th innings was started. With a slender lead of one run the Americans sent the Chinese in to bat and good work by Joubert once again was responsible for the Chinese returning a blank score.

The game on the whole was good, and was about the best seen this season. The Americans thoroughly deserved their win for they played baseball with a will and determination, backed up by courage.

CANADIANS TROUNCED

Yesterday at the Caroline Hill the Canadians were trounced by the Japanese by 32 runs to 6 after a one-sided game. The Canadians throwing was erratic and fielding weak with the result that the Japanese piled on many runs.

The Canadians were blanked right up to the 5th innings and then they scored a two on the 5th and 4 on the last.

The Japanese piled on no less than 17 runs in the 3rd innings.

THE LEAGUE OF NATIONS

Review Of Work Accomplished

September 20.

General discussion of the work of League during the past year took place in the 16th session of the League's Assembly. At the last meetings the following representatives spoke among others. Finland, Turkey, Canada, Ecuador, New Zealand, Honduras, Afghanistan, Ireland, Panama, Lithuania, Poland, U.S.S.R., Austria. The Italo-Ethiopia question was always the principal topic and all speakers on the subject expressed their intention to see the principal Covenant maintained Among other subjects treated in the general discussion, Turkey expressed wish that the military statute of the straits should be modified.

The Committee of Five consisting of representatives of Spain, France, Poland, United Kingdom, and Turkey set up by the Council to examine all Italo-Ethiopian relations with a view to finding a peaceful solution, drafted, a text which was submitted to the delegation of the two countries concerned. This text contains suggestions which, if accepted by the parties as a basis for negotiations, might lead to the peaceful settlement desired. So far Italy and Ethiopia have not yet announced their opinion

The Assembly had to elect for three years three non-permanent members to the Council. Poland was re-elected and Rumania and Ecuador were elected, replacing Czechoslovakia, Mexico.

The Assembly and Council elected as judge of the Permanent Court International, Mr. Justice Harukazu Nagaoka (Japanese), replacing Mr. Adatci (Japanese) deceased

The Second Committee Assembly began the discussion on the economic financial questions and heard an especially important speech of Georges Bonnet of the French Ministry of Commerce, who emphasised the connection between the tariff question and monetary instability. Bonnet recommended the generalisation of measures whereby certain states have made customs and concessions dependent on the maintenance of the existing currency stability. He said France disposed of the practise of a more liberal policy towards countries having the same intention and consenting to undertake to maintain a currency stable for the duration of the Commercial Agreement.

Amongst the publications just issued by the Secretariat, a review of the world economic situation in 1934-1935, containing a statement of all economic and financial events during the year terminating at the end of July. It also remarks on the present state of International Economic relations, forming an analysis of the present monetary and economic situation.

The French proposal was submitted to the Assembly for a general reduction of ten per cent. of the League Budget. Discussion on the subject shows a general desire to keep the expenditure within strictly necessary limits without hampering the League's activity. The Leagues care for economy, shown in fact that since 1931, the Budget votes were reduced by more than 4¼ millions or 12.6% of the total Budget. Contributing states members in 1935 is a reduction of 16.1% as compared with 1932.

Health matters were displayed in very many countries from all continents. The Italian representative said that his Government was ready to give support to the organisation, at Rome by the League Health Organisation, by the International Labour Office, and by the International Institute Agriculture, of an International Exhibition on rural housing to enable qualified persons of all countries to see the improvements realised throughout the world concerning peasant housing.

Amongst the questions discussed by the Assembly Committees is the work in intellectual co-operation, organisation, communications and transit organisations, also child welfare questions.

Opium traffic, for refugees, Control of Administration in mandated territories, Nationality of women and Nutrition in connection with public health was also discussed.—(League of Nations Press).

INNER MONGOLIA

Being Brought Up To Date

Pailingmiao: The relation between Inner Mongolia and China Proper has been more closely-linked as a result of the recent establishment of a wireless telegraphic network under the supervision of the Mongolian Local Autonomy Council. The project is carried out by the bureau of electric administration of the Council.

Instead of relying upon the historic and romantic caravans, constituted chiefly of camel backs and oxen carts, as the sole means of communication, Inner Mongolia to-day has eleven wireless stations with the most modern equipments. The central radio station is at Pailingmiao, seat of the Inner Mongolian Council.

The short wave stations, now in operation, are:

	watts
Pailingmiao	100
Pailingmiao Peace Preservation Crops	5
Sunid Banner, Siningol League	50
Abaga Banner, Siningol League	5
Ujumchum Banner, Siningol League	5
Tumet Banner, Suiyuan	5
Central Banner, Suiyuan	5
Ordos League (Atui)	50
Kalgan, Chahar	5
Peiping	50
Nanking	100

Most of these stations are operated by Mongols themselves. It is learned that electric powerhouse, telephone service and a broadcasting station will also be established in Inner Mongolia in the near future.—*Central News Agency.*

IRRIGATION IN SHENSI

Report Published

(Special to the "Hong Kong Daily Press" *(Copyright).*)

Chengchow, Sept. 14.

Communication facilities, especially the completion of the Lunghai Railway, should be given first consideration, if the vast mineral resources in Shensi and Kansu are to be exploited. That is the view of Mr. Chang Pei-Yen, former Commissioner of Reconstruction of the Honan Provincial Government, who has recently completed an inspection tour in Shensi and Kansu under the instructions of the National Economic Council.

In an interview, Mr. Chang stated that irrigation work in the northwest area, particularly in the Chin River valley, had been started early in the Tsin Dynasty, about 200 B. C., but owing to the bad management of the late Ching Dynasty, it had been ruined. The main branch of the Ching-Wei Canal to-day, continued Mr. Chang, is constructed upon the ruins of the old works, starting from Changchiashan up to the mouth of the Wei River, with a length of about 150 li, and irrigating more than 500,000 acres of farmland. On the basis of 50 cents an acres, the canal will reap a revenue of more than $250,000 annually. Only $30,000 however, has been collected this year, owing to the inadequacy of water.

Cotton fields in Shensi, revealed the investigator, total more than 3,000,000 acres, with an average output of 34 catties per acre. Calculating at the rate of $35 per picul, Shensi may receive about $30,000,000 from the cotton output this year.

THE LO WEI CANAL

Mr. Chang also intimated that the work on the Lo-Wei Canal, costing about $1,450,000 will be completed in April, 1936. This will irrigate an area of 50,000 acres. An army of 1,600 men is now at work on the irrigation project at a daily wage of from 40 to 50 cents. Most of them come from the neighbouring provinces of Honan and Hupei, the Shensi natives being too lazy to work. The irrigated land will enable a farmer, single-handed, to cultivate from 50 to 60 acres of wheat field, or 20 acres of cotton plantation, at a price of from $4 to $5 per acre.

Traffic on the Sian-Lanchow highway began last May. According to the investigator, water transport is the cheapest means available at present and motor care the most expensive. If a railway is constructed, it will take only 26 hours to travel from Lanchow to Sian, and cost one-fortieth of that of motor transportation.—*China United Press (by mail).*

INTERPORT PRACTICE

The players selected for the Interport lawn bowls encounter against Shanghai, indulged in a practice game against each other yesterday, the rink skipped by A. M. Holland defeating that of J. C. Chalmers, while the rink skipped by U. M. Omar tied with R. F. Luz's rink.

These games were played on the Kowloon Bowling Green Club and some fine bowls was witnessed. Holland with A. E. Coates (No. 1) J. McKelvie (No. 2) A. W. Grimmett (No. 3) defeated J. C. Chalmers (Skip) W. T. Brightman (No. 1) Way (No. 2) Basto (No. 3) by 4 shots, the score reading at the end of 21 heads, 24—20.

U. M. Omar with V. Ramsey, B. W. Bradbury, F. J. Jones as Nos. 1, 2 and 3 respectively tied with a rink skipped by Luz, which comprised J. Noronha, A. Fraser, and C. G. Silva on the 22 head by 17 shots all.

SAVE YOURSELF

Fifteen-year-old Jim Gregson, of Bisphamroad, Blackpool, was struggling in the sea off Central Beach. His chum, Gerald Cafferty, also fifteen, of Gavin-street, began to tow him ashore.

Jim realised that the task was more than Gerald would accomplish.

"Let me go," he gasped. "Save yourself."

Gerald reluctantly fought on alone. He called to a girl: "My pal is drowning."

The girl brought Gregson ashore. He died on the way to hospital.

A bather named Thompson, of Belgrave-crescent, Blyth (Northumberland), got into difficulties. His friend, James B. Yeomans, aged twenty-nine, of Short-row, went to his aid, became exhausted and was drowned. Thompson was rescued.

Bathers at Bristol North swimming bath saw Edward Cook, aged fifteen, of Egerton-road, Bishopston, sitting on the botom. They thought he was "stunting." Later, an alarm was given, an attendant dived in, and brought him out. He was dead.

CANTON TO CELEBRATE DOUBLE-TENTH

(From Our Special Correspondent)

Canton, Sept. 22.

Notwithstanding the agitations of several high officers of the First Group Army against elaborate celebrations on Double-Tenth, the Chamber of Commerce is going ahead to make preparations for this big event. Those sponsoring the event are attempting to follow as much as possible the Jubilee celebrations in Hong Kong.

There will be a big silver dragon like the one in Hong Kong, although the word "silver" is meaningless as applied to the celebrations of the 24th anniversary of the Republic. In addition, there will be a dragon boat race at night. Twenty dragon boats will patrol the Pearl River with illumination to attract the crowd. There will be the usual procession along similar lines as the Silver Jubilee celebrations in Hong Kong.

The object of the celebrations is to attract people from Hong Kong, Macao and other towns in Kwangtung. Tow-boats and hotels will be doing good business. Relatives will come out from the country to visit their folks here, and in general there will be spending of money everywhere. In this way, the shops will be benefited, and it is no surprise that the Chamber of Commerce is championing this scheme.

Tea shop proprietors have asked their employees and waiters not to stop work on that day, as business will be excellent during the celebrations. After watching the procession, tired people will repair to the tea shops for a drink and refreshment. Motion picture theatres are asked to reduce admission fares by a half for three days. All the materials for the celebrations must be native goods.

MORE RURAL BANKS

(Special to the "Hong Kong Daily Press" *(Copyright).*)

Nanking, Sept. 16.

An administrative programme formulated by the Ministry of Industries. The programme includes the establishment of more rural banks, the encouragement of commercial banks to extend credit loans to farmers, the enforcement of an agricultural financial system and the organization of farmers' unions.

For those provinces where Farmer's Banks have been established, the Ministry has ordered that their capital be increased and emphasis be placed on the extension of credit loans to needy farmers. For those provinces, where Farmers' Banks have not yet been established, it is stated, the Ministry has decided that the'r establishment be speeded up with the co-operation of the Ministry if Finance.

In the meantime, emphasis will be laid by the Ministry on the encouragement of commercial banks and commercial houses to extend rural loans to farmers whenever possible.—*China United Press (by mail).*

SHIPPING MOVEMENTS

The R.M.S. Empress of Asia arrived at Shanghai yesterday and left the same day for Nagasaki where she is due to-day. She leaves that port to-morrow for Kobe and will leave Yokohama on Saturday for Victoria and Vancouver, B.C.

* * *

The R.M.S. Empress of Canada arrived at Kobe yesterday at noon and left in the evening for Shanghai where she is due to-morrow. She leaves Shanghai for Hong Kong and Manila to-morrow.

After, it is alleged, stabbing his friend in the back with a knife on Friday night, a 18-year-old youth, Lo King Fuk, made an attempt to leave the Colony by the s.s. Sui On on Saturday night, but was arrested on the Wharf an hour before the boat left. It appears that Lo King Fuk and his friend, Wong Chung Wong, had a quarrel which led to blows. In the course of the fight, Lo, it is alleged, stabbed Wong in the back. Wong is at present undergoing medical treatment at the Government Civil Hospital. The affair occurred in First Street at about 8 p.m.

The forthcoming marriage is announced of Mr. Hermann Gustav Glogowski, a merchant of Shanghai, and Miss Margott Anna Marie Kloth of Hamburg.

Chan Wai Chung, aged 57, of No. 66 Tai Po Road, was bitten on the left hand by a Pekinese dog owned by Mak Wai Lam, of the same address. The man was treated at the Kowloon Hospital and the dog sent to Mautaukok for observation.

Chan Tai Ho, master of boat No. 2861, reports that between 1 a.m. and 2 a.m. on Friday, while it was lying in the Yaumati Typhoon Shelter, someone stole two boxes of ebonite buttons and one case of artificial silk from his boat, to the total value of $165.

Sui Kam, a gardener at No. 14 Fung Fai Terrace, was bitten by an Alsatian dog belonging to Mr. Gockchin. The man was sent to the Government Civil Hospital and the dog treated by the Colonial Veterinary Surgeon.

THE EXCHANGE MARKET

MESSRS. ROZA BROS.

Saturday, Sept. 21.

Silver prices rose 1/8 yesterday for both deliveries, the quotations being 29-5/16 for Ready and 29-3/8 for Forward. Silver advices reported India and China as having operated both ways. The market was quiet.

In America the rate was unchanged at 65-3/8 for spot.

The New York-London cross-rate was again lower at 4.91-3/4 and the New York-London rate dropped 3/8 to 4.91-1/2.

The Official rates were lowered this morning, the quotations were as follows:—

Market

Opened weak with good buying enquiries but later at the lower level the tone appeared to be on the steady side.

Sterling

The market opened with buyers at 2/0-13/16 and offers at 2/0-3/4 were accepted for near delivery followed by transactions at 2/0-11/16 and 2/0-5/8 for near and forward The market then appeared steady at 2/0-5/8 and towards the close 2/0-11/16 was done for cash finishing with sellers at 2/0-5/8 for September-December, buyers at 2/0-11/16 for September-December.

U.S. Dollars

The market opened with buyers at 50-13/16 with business done at 50-3/4 and 50-11/16 for near delivery. The buying rate then dropped to 50-1/2, at which rate, business was reported for November delivery finishing with sellers at 50-7/16 for September-November, buyers probably at 1/16 higher

THE RUBBER MARKET

London Review

The following report on the rubber market issued by Messrs Lane Mitchell, Hymans & Kraay, Ltd., of London, on August 30, was forwarded to us by Messrs. G A. Harriman & Co.:—

The past week has been uneventful in the Rubber Market and movements have been within narow compass.

The prevailing feeling of pessimism was accentuated early in the week by the publication of a depressing forecast of the likely trend in stocks, by a firm of dealers in the Lane, and although it may not have caused any liquidation, prices were marked down as a measure of safety, and Spot touched 5-9/16d., the lowest price since early May. A slight improvement took place in consequence of the publication of another stock forecast, which in this case was regarded by the market as more optimistic, and well within the realm of possibility.

It is our firm belief that the market at the moment is too prone to brush aside the favourable factors which from time to time appear ahead, and is determined to keep strictly to the attitude of waiting for positive results. In consequence, any improvement in the level of prices is likely to be gradual and may simply keep pace with the slow reduction in world stocks, which would appear to be in prospect.

Last week saw a reduction in the United Kingdom stocks of 912 tons, to 175,385 tons, but this decrease appears to have been nullified during the present week, the estimate being an increase of 1,200 tons. —

THE SHARE MARKET

Harriman's Weekly Report

Messrs. G. A. Harriman and Co.'s weekly share report and market review issued at noon to-day states:—

Developments in the Italo-Ethiopian situation held our buyers in suspense in the market during the week under review and though there was no heavy pressure to sell, the lack of buying support resulted in the decline in prices with several stocks touching new low records. Investment issues again registered a set-back. Hong Kong Trams, Hong Kong Electrics and Telephones (old) saw new low levels at $10.70, $52½ and $18.30 respectively. Hong Kong Lands were dealt in at $22½, but reacted to a buying rate of $23 at the close. Star Ferries eased off somewhat and could be obtained at $77. Dairy Farms were put through at the reduced rates of $14.75/80. Wharves remained unchanged with shares offering at $73. Minor issues on the whole were a shade easier. Hotels again changed hands at $3.10. China Lights were placed at $7.90/8.05. Cements continued in demand at $2.90. Ropes ruled weak with business done at $1.75. Providents (old) had enquiries at 45 cents and Watsons at $2.75. In the sterling section, Hong Kong Banks were again slightly easier, having been done at $1013½/20. Unions showed very little change with transactions recorded at $372½/80. The market closes on the dull side.

Business during the week has been done at the following prices—
H.K. Banks, $1013½/1020.-
Union Insurances, $372½/380.-
H.K. Lands, $22½/23½.
C. Lights, $7.90/8.05.

BERLIN BOURSE

(Special to the "Hong Kong Daily Press" *(Copyright).*)

Berlin, Sept. 21.

A smart rally took place on the sharemarket on Saturday, investors buying back shares sold on the falling market during the last few days, so that prices of many of the leading shares showed a substantial improvement. The reason for this change of trend is the more hopeful news from Rome.

Fixed Interest securities mostly stood on the ground of Friday's level, but declines were also noted. Reichsbanks recovered 1⅞ to 173½, Dye Thrusts ¼ lower to 149, Salzdetfurth Potash improved 1 point to 181½, German Steel Trusts rose 2 points to 77½, German Mineral oil jumped 1½ to 105½, Siemenshalske sprang 4½ to 169½. Bemberg Rayon advanced 1½ to 107. *Transocean Kuo Min.*

SIR LEITH-ROSS IN SHANGHAI

Shanghai, Sept. 21.

Accompanied by Lady Leith-Ross, Sir Frederick Leith-Ross arriving at 3 p.m. to-day from Japan by the Shanghai Maru, was greeted by a host of Chinese and British notables, including Sir Alexander Cadogan, the British Ambassador. Sir Frederick, who is staying at the Cathay Hotel, will have offices at the British Consulate-General.

Sir Frederick and Sir Alexander Cadogan will leave for Nanking on Monday and will meet members of the Government, returning to Shanghai after three or four days.

It is reported that he will not travel widely during his stay, but will remain mostly in Shanghai.—*Reuter.*

RAYON FACTORY

(Special to the 'Hong Kong Daily press' *(Copyright).*)

Nanking, Sept. 14.

A proposal was made some time ago by Mr. Lu Feng-Shao that Chinese interests should jointly established a factory for the manufacture of rayon. The scheme called for a capital of $10,000,000, but no definite result emerged from the proposal. Recently talk of establishing a rayon factory in China was revived by the Silk Merchants' Association which was submitted a plan to the Ministry of Industry sugresting that the enterprise should be jointly financed by the Government and those Chinese merchants who are interested. The present proposal has a better chance to success than that of Mr. Lu. For one thing, Mr. Lu suggested the raising of the necessary capital from both Chinese and foreign sources while the Association are now contemplating the organization of a rayon factory as a joint enterprise between the Government and a group of Chinese merchants. On the other hand, Mr. Lu suggested the establishment of a rayon factory at Chinyangkang, while the Association is now in favour of Hangchow as the site of the proposed factory. One would agree with the Association inasmuch as Hangchow possesses easier access to the necessary raw materials.

The manufacture of rayon has never been attempted in China. Chinese financiers have hesitated to invest in this new industry, but it seems there are reasonable prospects of its being established on a profitable basis.—*China United Press (by mail).*

Now is the time to visit Australia & New Zealand

lands of Sunshine and Romance. "Down Under" you will feel a new being and even if you are not inclined towards Surfing, Fishing, Shooting or Mountaineering you will find that the Antipodes have plenty to offer you.—including 25/- for your pound.

On the way down your life aboard will be as you wish, quiet or hectic for the E. & A. will humour your every whim.

And by the way, there is no additional charge for Deck Cabins and there is of course a Sun Deck Swimming pool, an Orchestra and a fine Laundry.

A Surgeon and Stewardess are at your disposal and last but not least—we had almost forgotten—the cuisine will set you listening eagerly for the Gong.
